

**BERSAMA BN  
HEBATKAN NEGARAKU**

السَّلَامُ عَلَيْكُمْ وَرَحْمَةُ اللَّهِ وَبَرَّاتِهِ

**Salam sejahtera,**

**My fellow Malaysians,**

It has now been a full five years since I first sought the mandate for Barisan Nasional. It was from the people that this government was formed, and it is back to the people this government must return for evaluation.

In the last five years, Barisan Nasional has – to the best of its ability - remained true to Aku Janji 2013. Against the backdrop of the global economic crisis, falling oil prices and devaluation of the Ringgit, we have accomplished close to 99.4% of the promises of the past elections, with the remaining promises currently in the process of completion.

We are confident we have given our best to provide services in priority areas such as education, health and security. Despite the global rise of medical costs, the Government has continued to provide of 95% subsidy of the people's medical costs.

No citizen has been neglected nor have they gone without government support on the basis of being impoverished. As many as 7 million people have received support through 1Malaysia People's Aid (BR1M), even though a portion of them do not live in poverty.

For decades, there has been an assumption that certain areas have been neglected by the Federal Government. We have initiated, planned and coordinated a more comprehensive, fair and equitable form of development from Perlis right through to Sabah. Now after 5 years, we believe the changes we have instituted have begun to show results.

The future of this country belongs to all of us, regardless of our ethnicity, religious belief or geographical location. Therefore, since a year ago, the government has held thousands of discussions with many groups of different ages, ideologies, educational backgrounds, geographical locations, ethnicities and religions to draft out the National Transformation Plan 2050 (TN50). We want our nation's future to be crafted and determined jointly with the people.

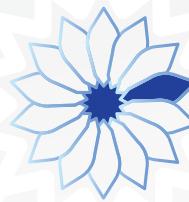

The coming mandate is for our future. Barisan Nasional is not a perfect government free of any faults. Nevertheless, we have brought about many improvements and changes that are in accordance with the people's wishes. Upon this understanding, I appeal to my fellow Malaysians to evaluate the performance of the Barisan Nasional government fairly and thoroughly.

The manifesto presented today does not exist in isolation, rather, it should be taken together with the 11th Malaysia Plan (11MP), TN50, and the annual national budgets that have been implemented and will be proposed.

Be assured that your vote for Barisan Nasional is a mandate for continuous prosperity, peace and harmony for this small nation. May Allah bless us all.

#### **BERSAMA BARISAN NASIONAL, HEBATKAN NEGARAKU**

# THE PEOPLE'S ECONOMY

---

1

We believe that a balance must be struck between managing a macro-economy and an economy that focuses on the needs of the people. A people's economy is one that is focused on the essentials required to enjoy a quality lifestyle.

In achieving these objectives, the Government and the people need to work together to tackle the rising costs of living; to increase household income; broaden opportunities in education, work and business; increase the volume of affordable housing; and intensify skills and entrepreneurial training. In brief, it is an economy that is based on the people's daily experiences.

We believe that to improve the people's quality of life, the nation's economic prosperity needs to be distributed fairly, and be focused on groups that are in need.

This we have achieved by disbursing the 1Malaysia People's Aid (BR1M), implementing the 1Malaysia Training Scheme (SL1M), raising minimum monthly salary rates, and providing many direct incentives to farmers, fishermen, smallholders, settlers and the urban poor. Special initiatives have also been created to enable B40 households to increase their income.

Therefore, in the coming 5 years, we are determined to continue our efforts by:

## 01

---

**Raising** the minimum wage in phases to at least **RM1,500** within five years.

## 02

**Establishing** a Fair Works Commission to ensure that the salary levels of private sector workers are more equitable.

## 03

**Forming** an information support system for Malaysians – in the **B40 Window** – across ministries, departments and agencies to ensure there are no irregularities, leakages or unfair practices in the distribution of aid.

## 04

**Introducing** the TN50 Public Transport Pass (costing between RM50 – RM150) that gives **unlimited monthly access** to public transport for students, working youths, senior citizens and the disabled.

## 05

---

**Reducing** broadband subscription costs by **50%** from the current rates, while at the same time **increasing the broadband speed by twofold.**

This will be implemented in phases and, as such, will reach target beneficiaries in stages.

# 06

**Introducing** multi-tiered dividend and bonus rates for government-linked investment funds and unit trust funds such as PNB, Tabung Haji, LTAT and other GLICs (except EPF) for the purpose of fairer distribution.

# 07

**Empowering** the digital economy ecosystem through start-up grants, technology development funds and smart partnerships with international technology icons.

This is to achieve the digital sector's target of contributing as much as **25% of Gross Domestic Product by 2023.**

# 08

**Improving BR1M** by making disbursement conditional on recipients' behaviour, for example, the recipient's involvement in skills training and ensuring that their children receive immunisation.

## 09

**Increasing** the current individual income tax exemption rate for parents' medical expenses from RM5,000 to RM10,000.

# 10

**Enhancing** the well-being of employees of Government-Linked Companies and Government-Linked Investment Companies who earn RM2,500 and below through expanded insurance coverage, increased healthcare benefits and increased cost of living allowance.

11

**Providing** a special incentive of RM5,000 to every FELDA settler.

12

**Creating** a special grant for replantation worth up to RM7,500 per hectre for each qualified FELDA settler in the next 5 years starting 2018.

This grant is to reduce up to 70% replantation debt of FELDA settlers.

13

**Writing-off** the FELDA settlers' debt from the purchase of FGV shares.

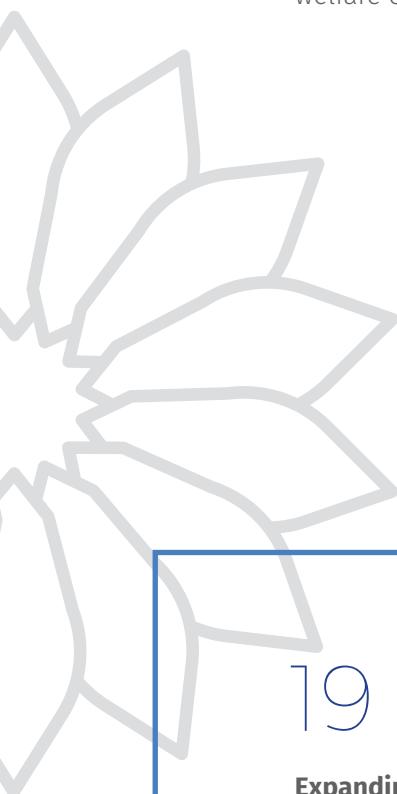

15

**Intensifying** FELDA 2.0 initiative via 15 plans for 2018 and 2019 with an allocation of RM300 million to create a **smart community** and sustainable **local economy**.

This initiative will be continued to all Rancangan FELDA nationwide and will benefit settlers and second generations residing in Rancangan FELDA.

14

**Allocating** special fund worth up to RM300 million to write-off extraordinary or extreme debt of all qualified FELDA settlers for the next 5 years starting in 2018.

16

**Increasing** the activation price for the Rubber Production Incentive (IPG), to safeguard the welfare of rubber smallholders.

17

**Increasing the Monsoon Season Aid** for rubber smallholders.

19

**Expanding** the funds for the Agricultural Assistance Scheme and replanting of palm oil, rubber, cocoa and kenaf smallholders.

18

**Minimising** the involvement of middlemen in agricultural and fishery products in order to reduce the prices of basic food items and increase the incomes of farmers and fishermen.

# 20

**Allocating** a special assistance scheme worth **RM222** million for FELCRA, KESEDAR and KETENGAH settlers.

21

**Improving** the quality of  
telecommunications coverage  
across Sabah and Sarawak with  
an allocation of RM2 billion.

22

**Reducing** the maximum limit on interest rates and late payment charges for credit cards.

23

**Enhancing** the quality of feeder-bus services through the introduction of price modalities and buses of a more suitable size.

24

**Empowering** consumerism through direct allocations to consumer associations.

25

**Amending the Price Control and Anti-Profiteering Act** to enhance KPDNKK's authority to take action against traders that make excessive profits.

26

**Providing** tax incentives and special development funds to encourage leading brands to assist the growth of small enterprises.

27

**Addressing urban poverty** by developing business centres for small enterprises and food trucks, as well as encouraging urban agriculture.

28

**Introducing the Orang-E portal** as a platform for Malaysians to monetise their talents and services in the market.

29

**Granting tax exemptions** on housing rental income.

30

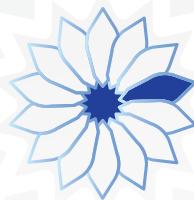

**Reducing** the cost of employing foreign domestic workers by introducing an **Online Domestic Helper System**.

31

**Providing a special fund worth RM500 million** to encourage innovation and empower Industrial Building System (IBS) entrepreneurs.

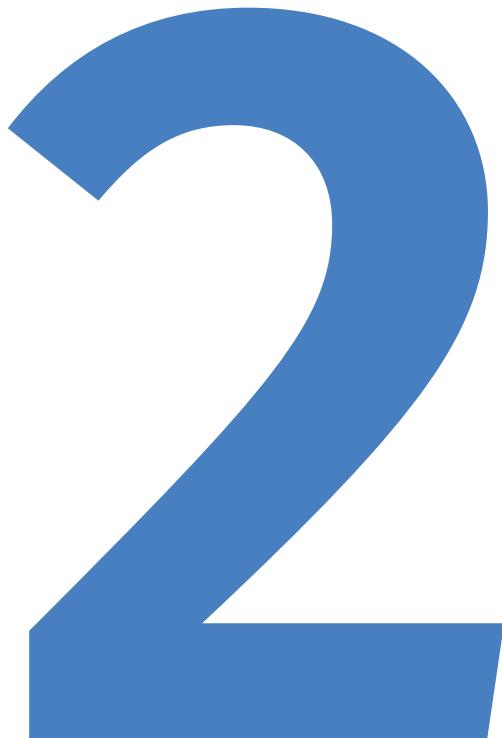

32

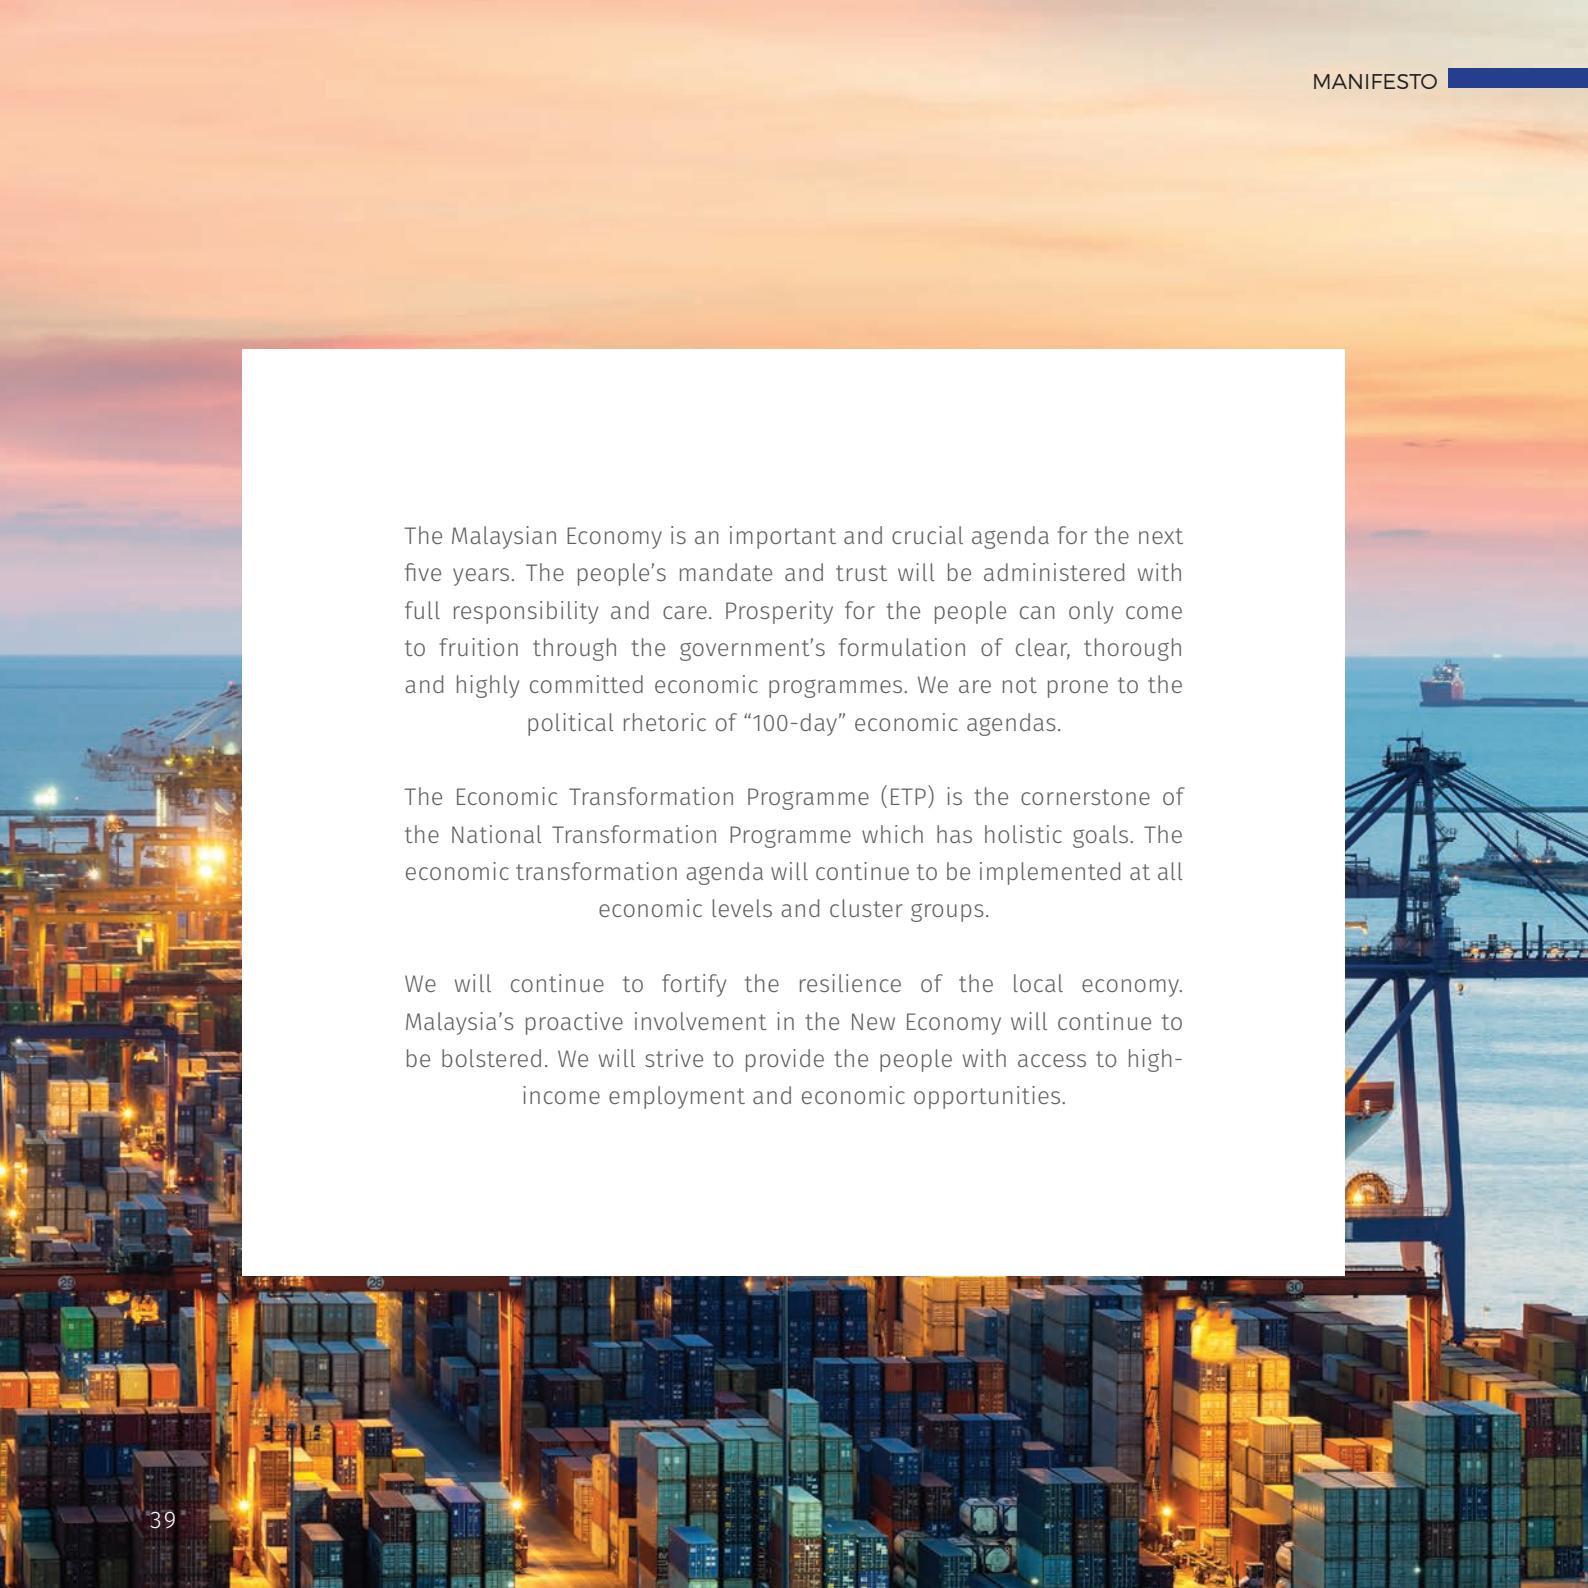

**Continuing efforts** to develop the Small and Medium Enterprises (SME) sector to assist Chinese entrepreneurs by strengthening the role and function of the **Secretariat for the Advancement of Malaysian Entrepreneurs (SAME)**.

## **SUSTAINABLE AND PROSPEROUS NATIONAL ECONOMY**

---

The Malaysian Economy is an important and crucial agenda for the next five years. The people's mandate and trust will be administered with full responsibility and care. Prosperity for the people can only come to fruition through the government's formulation of clear, thorough and highly committed economic programmes. We are not prone to the political rhetoric of "100-day" economic agendas.

The Economic Transformation Programme (ETP) is the cornerstone of the National Transformation Programme which has holistic goals. The economic transformation agenda will continue to be implemented at all economic levels and cluster groups.

We will continue to fortify the resilience of the local economy. Malaysia's proactive involvement in the New Economy will continue to be bolstered. We will strive to provide the people with access to high-income employment and economic opportunities.

Our commitment to the economy for the coming 5 years:

01

**Creating 1 million** digital entrepreneurs within 5 years.

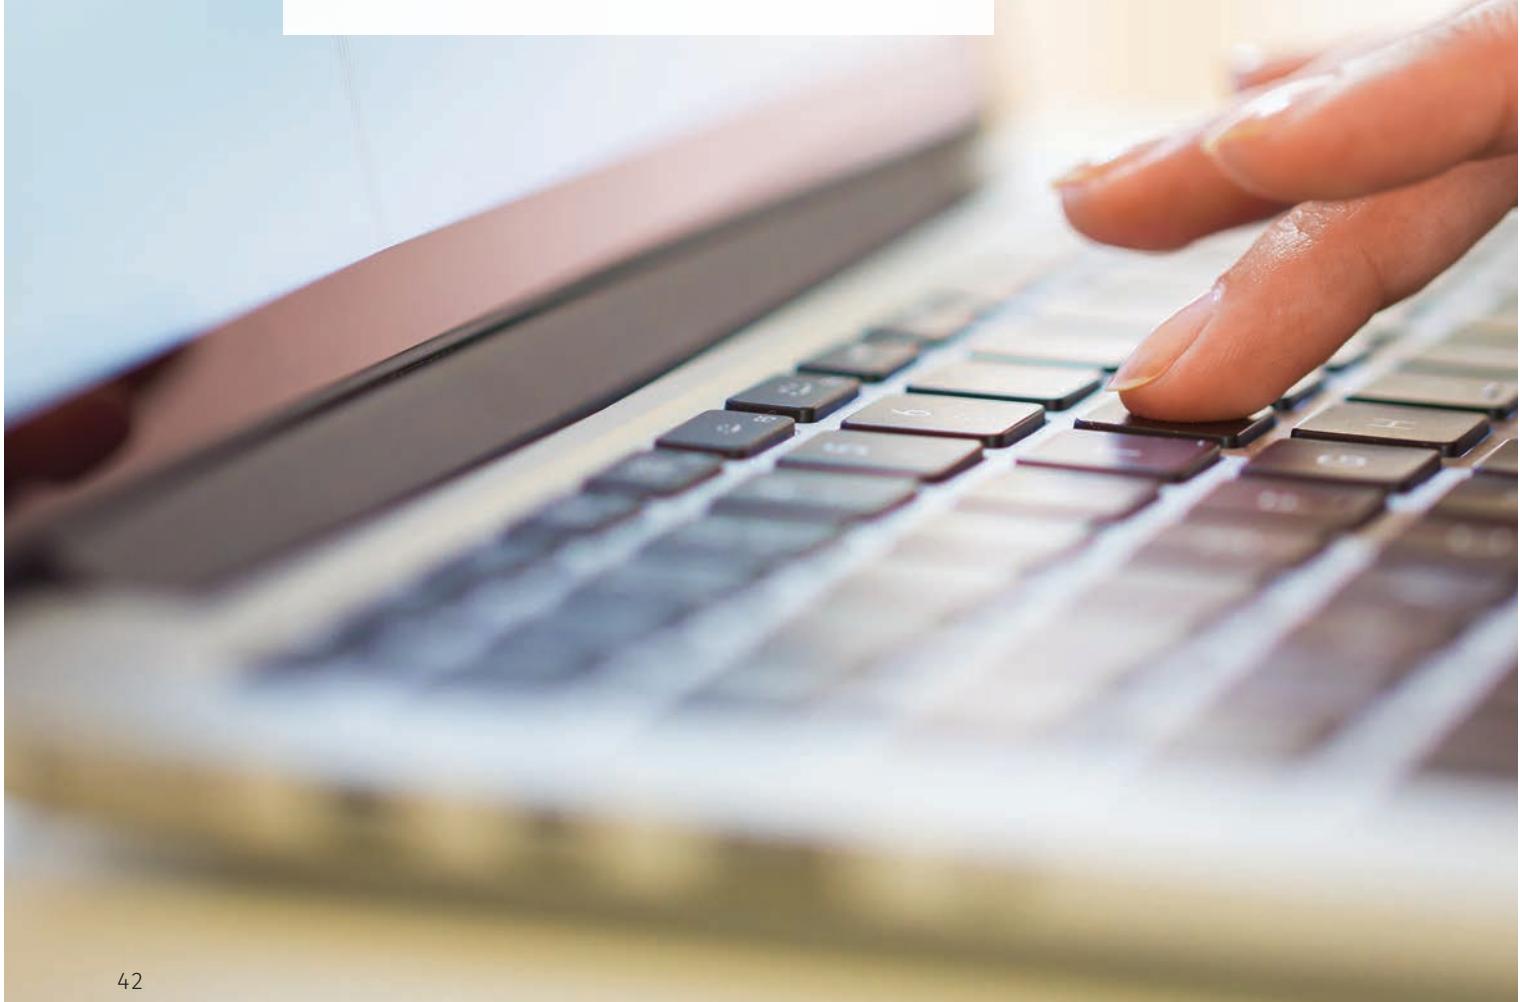

## 02

**Leading** the country towards the  
Fourth **Industrial Revolution (IR 4.0)**  
by analysing big data when planning  
public policies and determining the  
comprehensive direction of technology.

## 03

**Realising** the target of having the **digital economy** contribution to **25%** of GDP by 2023.

## 04

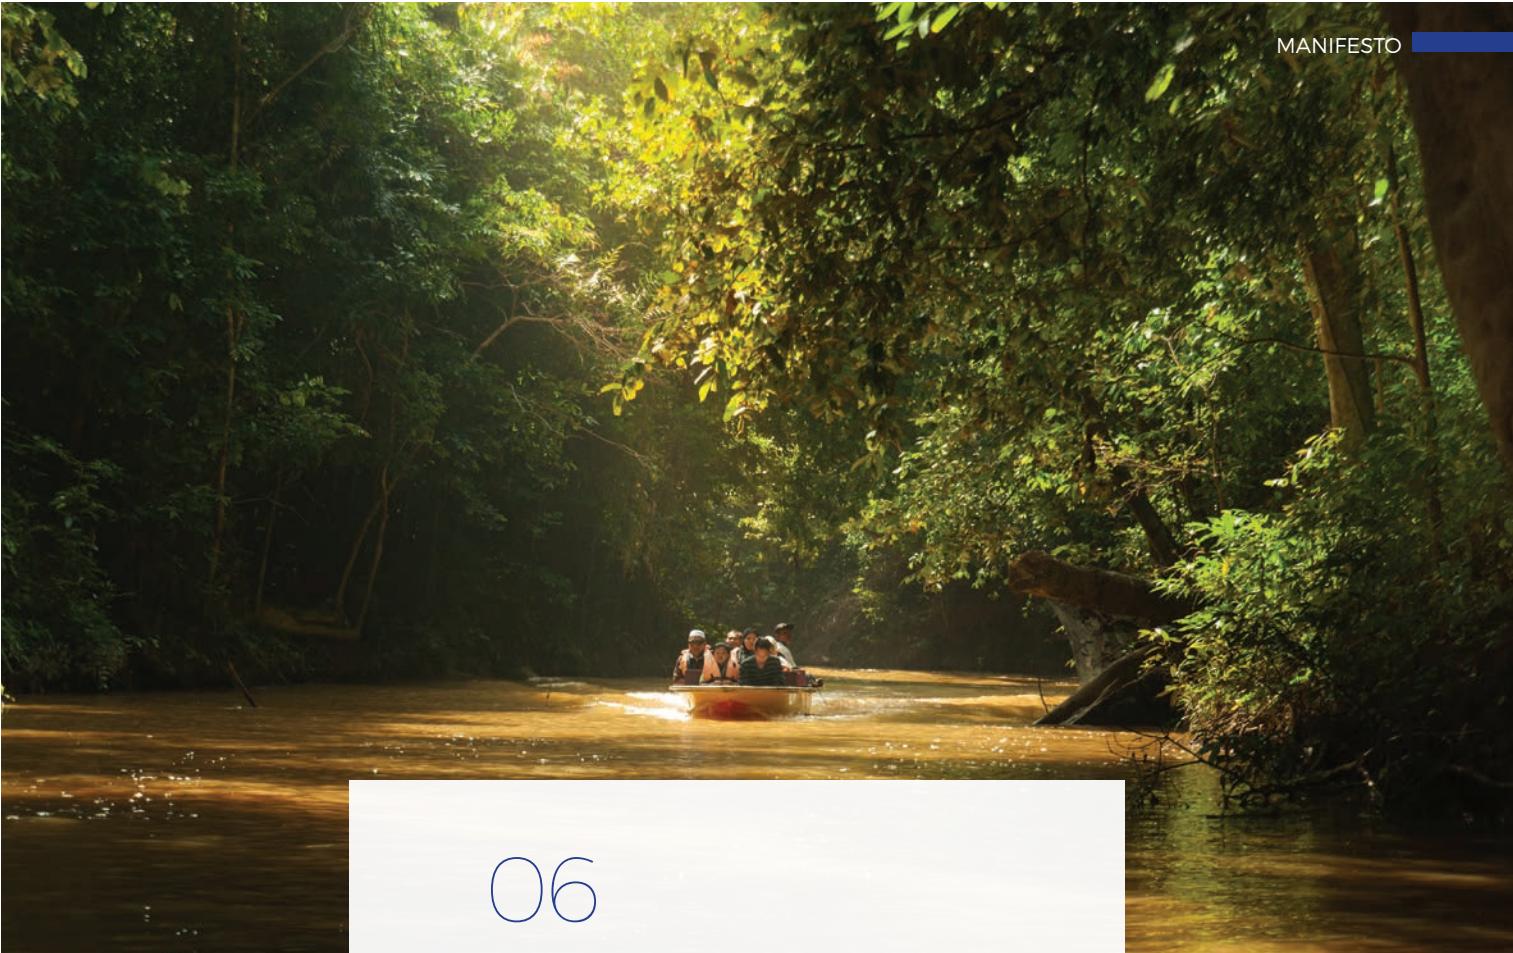

---

**Propelling high technology industries** through increased foreign direct investment in targeted sectors in order to increase the number of high-skilled jobs.

## 05

**Improving** the productivity of entrepreneurs, inventors and start-up firms by establishing various facilitation agencies such as **PlatCOM**.

A photograph showing a group of people in a small boat navigating a river. The river flows through a dense, lush tropical forest. Sunlight filters through the canopy, creating bright highlights on the water and the surrounding greenery. A large fallen tree trunk is visible on the right bank.

# 06

**Accelerating Forest Economy**  
policies based on the principle  
of sustainable management  
in order to generate income  
through downstream activities,  
the pharmaceutical industry,  
ecotourism and products made  
from natural sources.

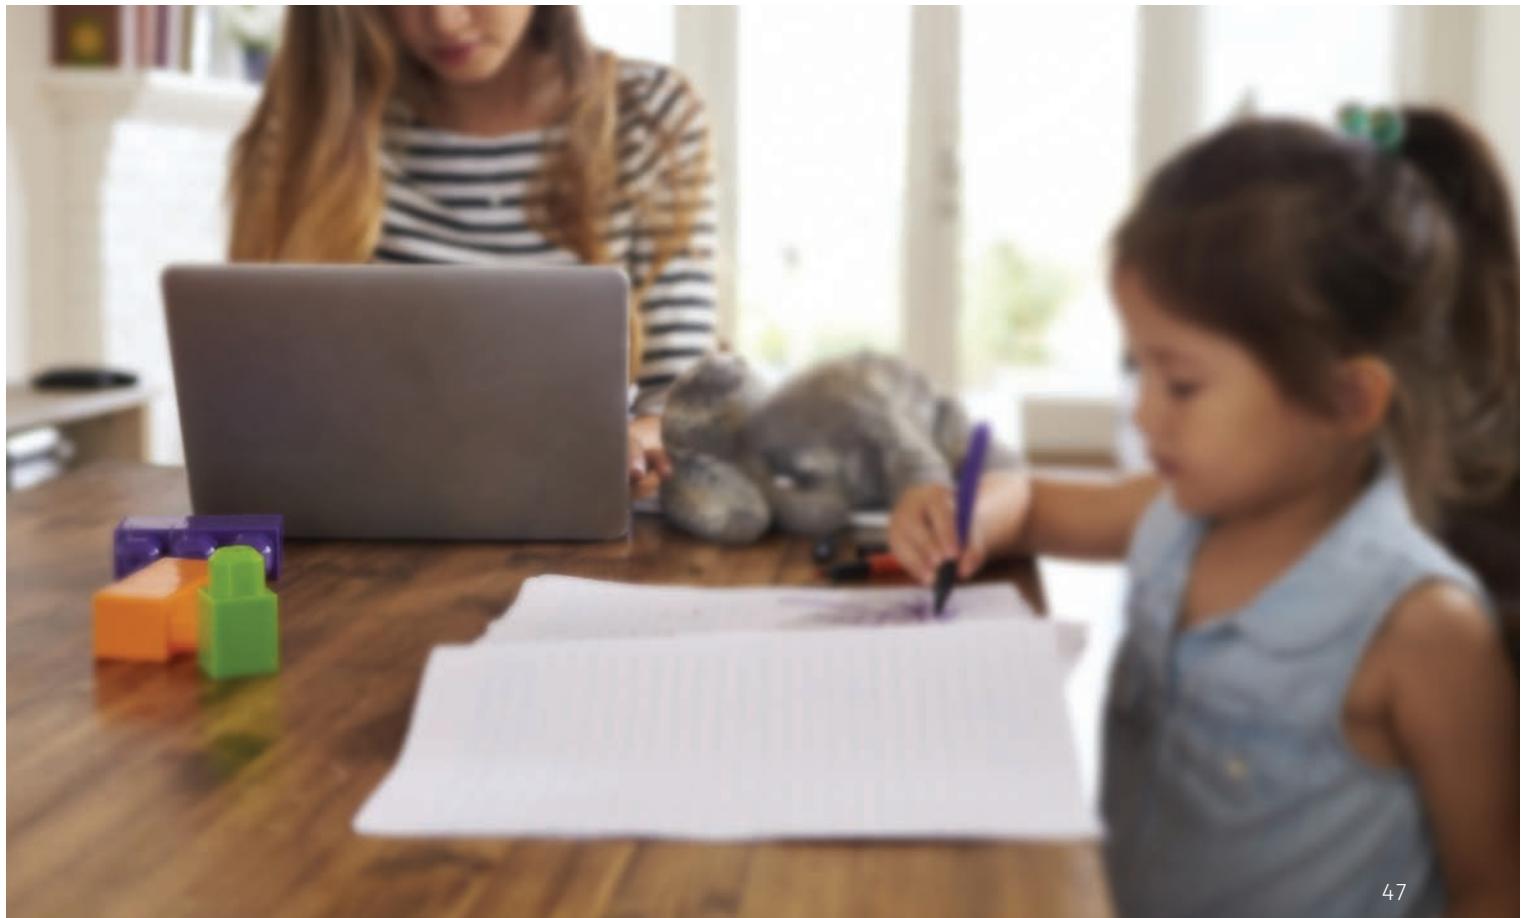

## 07

Stimulating the Halal Economy as a growth driver of the country's economy, with an allocation of **RM1 billion** through the Halal Development Fund.

# 08

**Expanding** the practice of **flexible working hours** in the public sector, and offering incentives to companies that adapt the system.

# 09

**Strengthening** the country's overall economic performance, whereby income and compensation to employees will account for **40%** of the GDP.

# 10

**Targeting** the services sector to contribute **60%** of the GDP.

# 11

**Increasing** the gross national expenditure for research and development (R&D) to **3%**.

# 12

**Reducing** the fiscal deficit and debt-to-GDP ratio in order to improve the country's international credit rating.

# 13

**Revising** individual and corporate income tax rates to ensure Malaysia remains competitive in the regional market.

14

**Enhancing** the contribution of Small and Medium Enterprises (SMEs) to the national economy through digital transformation by providing grants and credit guarantee opportunities to expand access to new international markets.

15

**Implementing food security policies** to ensure sufficient access to safe and nutritious food. At the same time, this can reduce the nation's reliance on food imports.

16

**Realising** the true potential of the **creative industry** as a new source of income for the country by expanding platforms and allocating funds for industry practitioners.

17

**Transforming the agriculture sector** into a high-income industry through the use of latest technologies such as vertical farming as a way to enhance the country's food production.

# 18

**Reducing** dependency on foreign workers to **15%** of the country's entire workforce.

20

**Supporting** food truck businesses by creating special areas for them to do business and instituting programmes for vehicle modification.

19

**Intensifying** the growth of **downstream oil and gas sectors** in order to expand opportunities for oil producing states.

21

**Integrating** data on Bumiputera entrepreneurs that receive government initiatives based on the **Teraju Xchange** platform.

22

**Speeding up** the development of the **Malaysian Vision Valley**, a 150,000 hectare area that is projected to create **1.3 million job opportunities**.

23

**Establishing** sustainable industry zones by identifying new investment locations and relocating existing industrial zones.

24

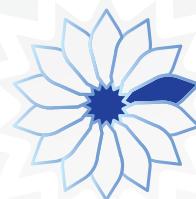

**Increasing** financial literacy through expansion of Credit Counselling and Debt Management Agency (AKPK) programmes and introducing financial literacy modules in secondary schools.

25

**Leading efforts to oppose anti-palm oil campaigns and discriminatory policies** that are currently taking place in Europe.

26

**Establishing new economic zones** in border regions by developing Customs, Immigration and Quarantine (CIQ) Complexes and areas of road connectivity.

## PEOPLE-CENTRED HOUSING

---

3

Our commitment is for every family to afford to live in a comfortable house, whether as an owner or tenant.

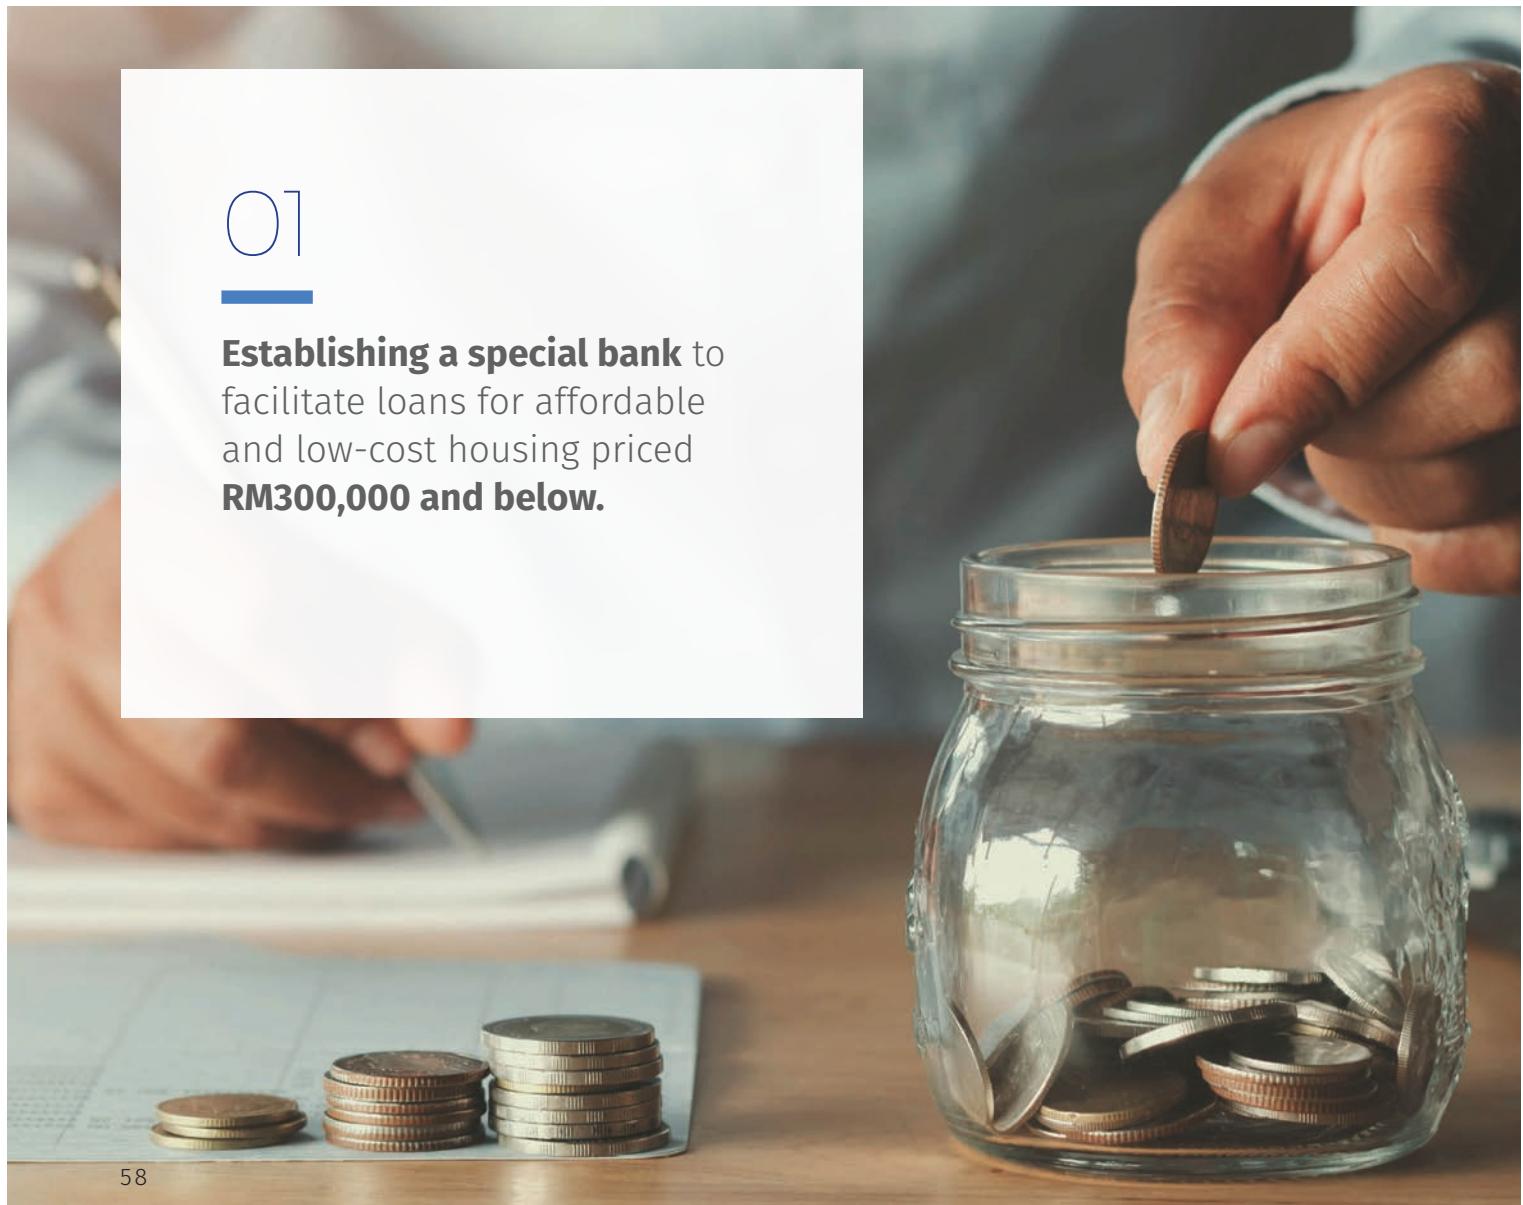

To fulfil this commitment, we have (since 2011) introduced various programmes and schemes such as the Program Perumahan Rakyat, Rumah Mesra Rakyat 1Malaysia, Rumah Idaman Rakyat, Perumahan Rakyat 1Malaysia (PR1MA), Rumah Wilayah Persekutuan (RUMAWIP), Perumahan Penjawat Awam 1Malaysia (PPA1M), Skim Rumah Pertamaku and the MyDeposit schemes.

These national housing initiatives include - but are not limited to - the building of affordable housing, encouraging a reasonable property leasing ecosystem, and promoting home ownership through rent-to-own schemes.

Therefore, for the next 5 years, we are determined to continue these efforts by:

01

**Establishing a special bank** to facilitate loans for affordable and low-cost housing priced **RM300,000 and below.**

## 02

**Providing tax incentives** or development funds to encourage banks and housing developers to offer **rent-to-own schemes**.

## 03

**Introducing a single entity** to synchronise all affordable housing initiatives, including the monitoring of construction work.

## 04

**Providing a Public Housing Assistance Scheme** to assist renters who may be categorised as poor or Persons with Disabilities (PWDs).

05

**Developing** under-utilised Government quarters, buildings and land for affordable housing and mixed development projects.

06

**Providing opportunities** to Government retirees and their children to purchase units of **Perumahan Penjawat Awam 1Malaysia (PPA1M)** at prices ranging from RM150,000 to RM300,000.

Introducing a quota of **10,000 PPA1M** units for Royal Malaysia Police (PDRM) personnel.

07

**Constructing** more **FELDA community houses**, especially for the second and third generations of settlers

08

**Extending the stamp duty exemption period** for abandoned housing projects that are in the process of being revived.

## 09

**Boosting the number of 1Malaysia Youth Transit Homes** to assist youths who are new to the working world.

10

**Building** more affordable and low-cost housing projects on idle Malay reserve, wakaf and baitulmal land.

11

**Increasing the capacity** of the Housing Assistance Programme to restore and repair dilapidated houses in rural areas.

12

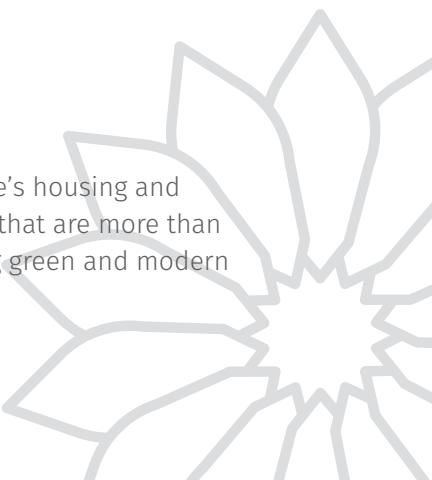

**Upgrading** long-houses in Sarawak, water-houses in Sabah, Orang Asli houses and estate workers housing units in the Peninsula.

13

**Allocating special funds** for Joint Management Bodies (JMB) and Joint Management Committees (JMC) for the upgrading of strata buildings.

14

**Rebuilding** people's housing and low-cost housing that are more than 20 years old using green and modern technology.

## 15

**Increasing** the claim limit under the Housing and Management Tribunal (TPPS) from RM50,000 to **RM100,000**

16

**Expanding** the Government's authority to revive abandoned housing projects from the current limit of RM70,000 to RM120,000. This involves 21 abandoned projects and 2,794 units with an allocation of RM123 million.

17

**Assisting** buyers of the 50,000 housing units that have fallen victim to unlicensed housing developers.

18

Making Key Performance Indicators (KPI) **compulsory** in the construction of Affordable Housing projects by housing development companies that receive Government investment.

19

**Reviewing** the structure of utility charges by Telekom, Indah Water and Tenaga Nasional Berhad on housing developers to reduce the cost of housing construction.

20

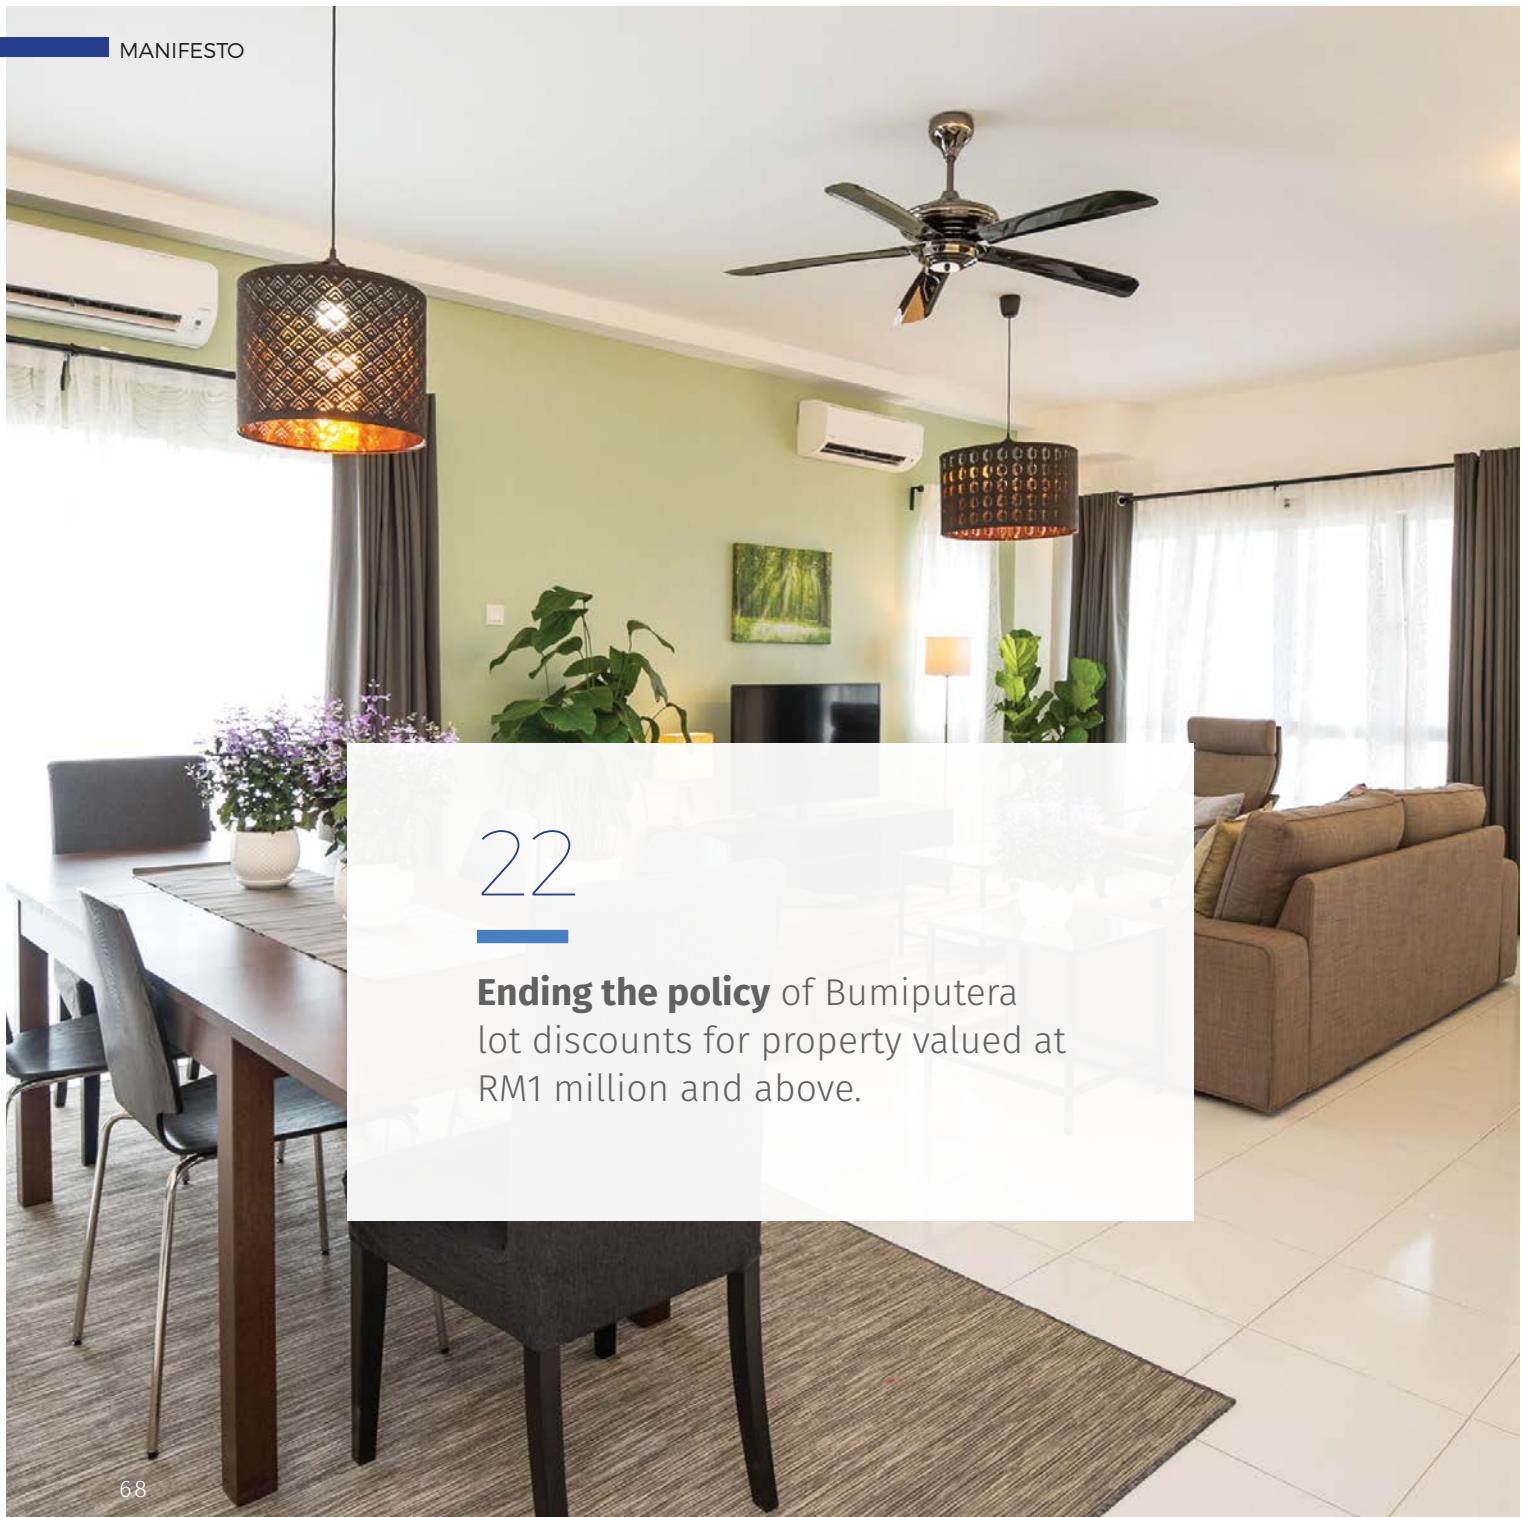

**Establishing** a conflict resolution tribunal to settle any disputes that involve public housing.

21

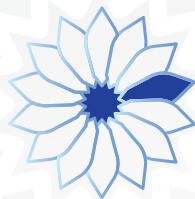

**Launching a National Public Housing Management Corporation (3PAN)** that will be responsible with monitoring and in managing public housing issues that involving housing quality and current needs, as well as determining fitness for occupation.

22

**Ending the policy** of Bumiputera lot discounts for property valued at RM1 million and above.

## **DRIVING HUMAN CAPITAL , EDUCATION EXCELLENCE**

---

Human capital development and education in Malaysia must be crafted to suit the demands of the times.

Malaysia needs a holistic plan to develop the potential of children as young as 5 and 6 years old, to students in primary and secondary education, to enhance technical and vocational education and training (TVET) and to develop a dynamic university ecosystem that is in line with the needs of the Fourth Industrial Revolution (IR 4.0).

A clear commitment to strengthen human capital and education strategies will determine the future of Malaysia. Government initiatives and actions are the best benchmark to evaluate efforts at preparing the people with the creativity, thinking capability and skills to face an increasingly competitive landscape.

With a clear mandate from the people, we will focus on the following areas to accelerate human capital and education excellence:

01

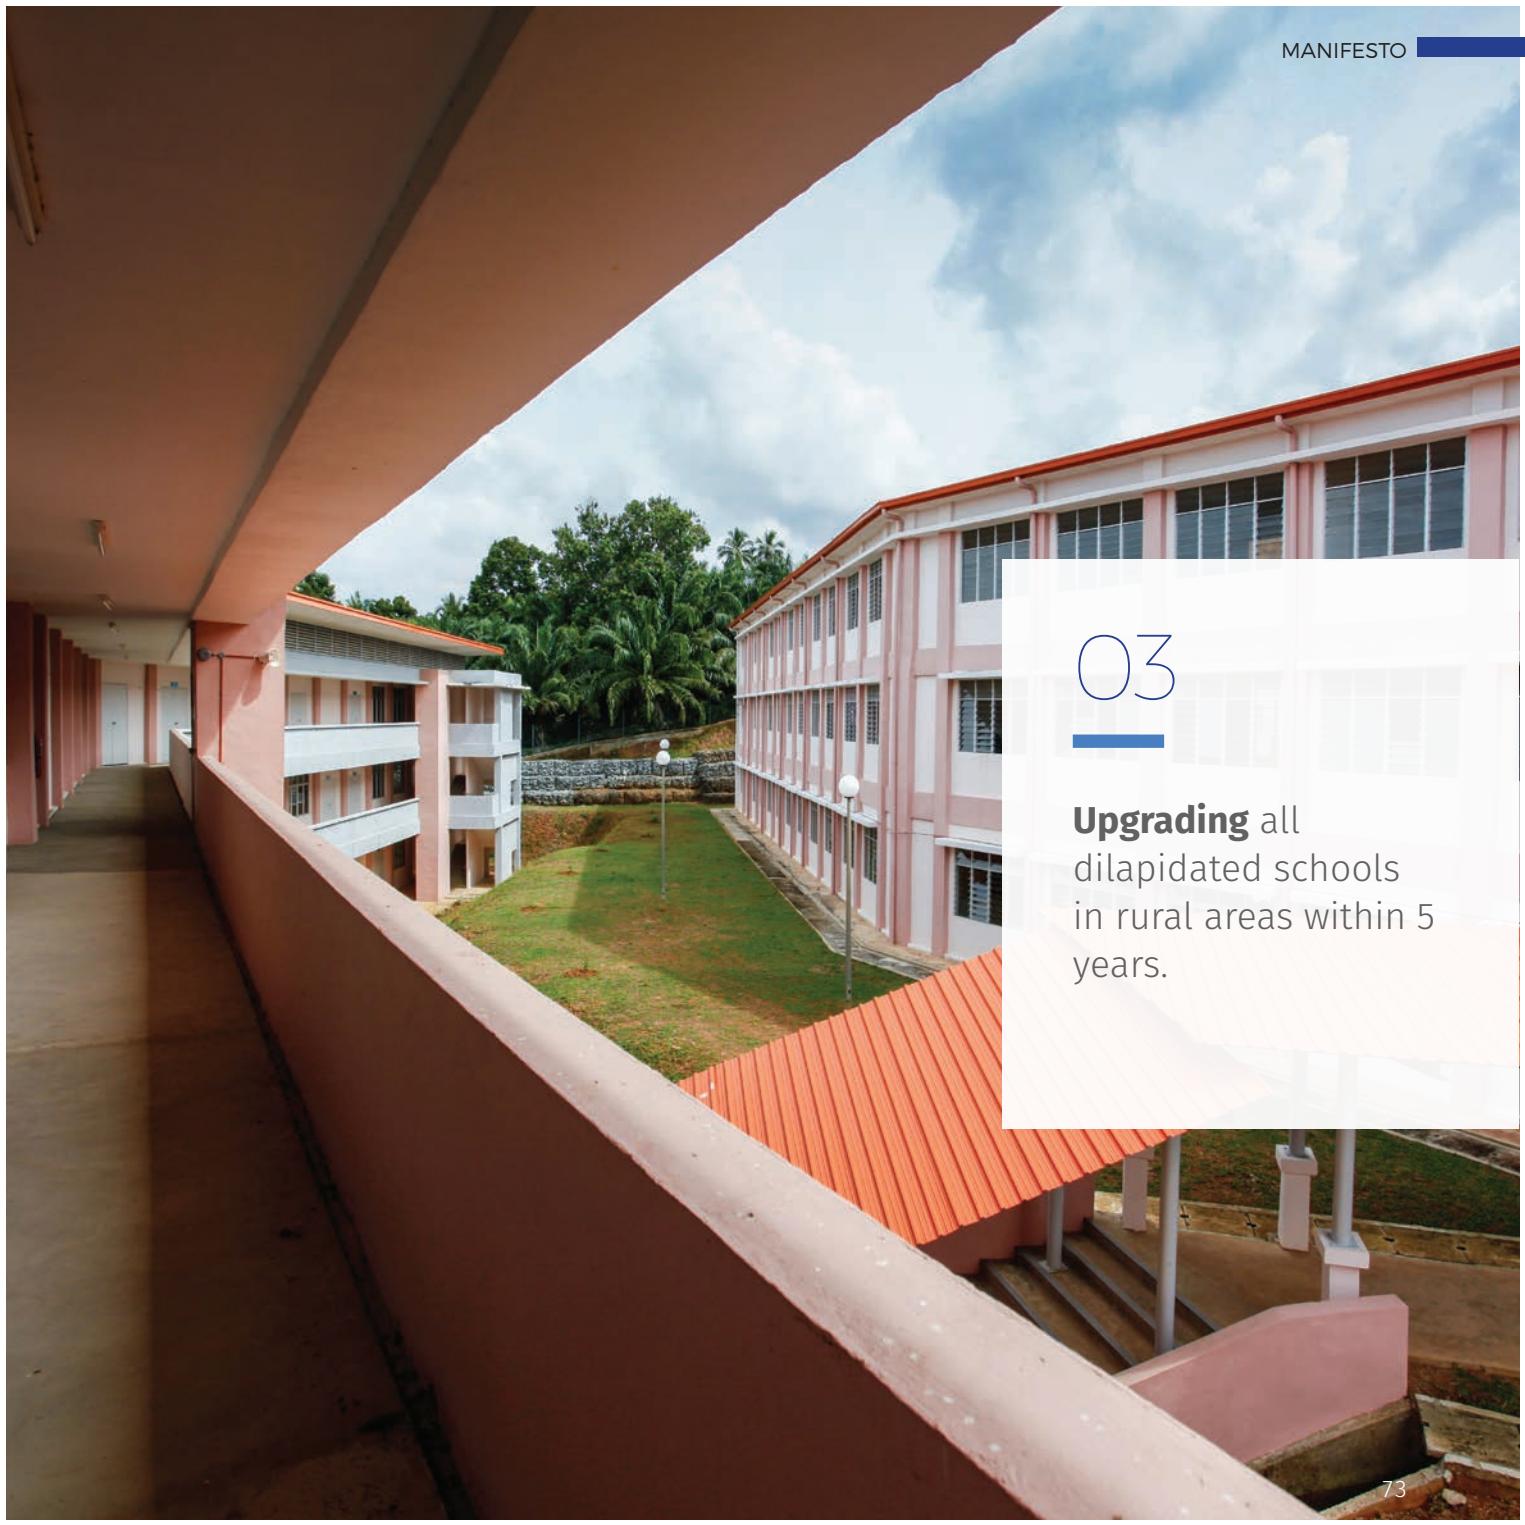

**Providing** a one-off assistance of **RM1,500** for the children of BR1M recipients that enrol in higher education institutes.

## 02

---

Equipping **5 million** school-going children with digital skills for the **Fourth Industrial Revolution (IR 4.0)** within five years.

03

**Upgrading** all dilapidated schools in rural areas within 5 years.

## 04

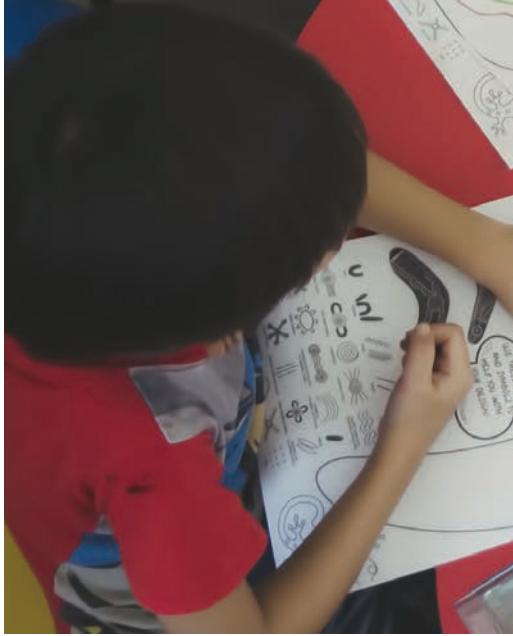

Matching university students and future employers at an earlier stage through a Job Matching Committee under the **SLIM 2.0** programme.

## 05

**Creating** highly skilled construction workers by implementing training schemes and offering commensurate wages.

## 06

**Encouraging** employers to provide childcare facilities by offering special incentives such as tax exemptions.

07

**Upgrading the Integrated Special Education Programme (PPKI)** in all schools involved to unlock the potential of differently-abled children.

08

**Increasing** the limit of the Special Incentive Matching Grant for the 1Malaysia Education Savings Scheme to RM1,000.

09

**Providing** skills and work training opportunities for underprivileged youth.

10

**Extending** the income tax exemption period for parents of National Education Savings Scheme (SSPN) account holders.

11

**Implementing appropriate**  
classroom sizes and reducing  
teachers' administrative workload as  
well as providing better teaching-aid  
equipment.

## 12

**Increasing** the number of subjects in the **Dual Language Programme (DLP)** to make it more comprehensive.

13

**Improving English language proficiency** in schools through the Dual Language Programme (DLP), High Immersion Programme (HIP) and the introduction of English medium schools in Sabah and Sarawak as **pilot projects**.

14

**Introducing** special student discount cards to reduce the costs of transportation, Government services and education-related necessities.

15

**Providing** incentives to capable graduates and retired language teachers to administer online teaching and learning services.

16

Expand the implementation of 'Anak Angkat' programmes for socio-cultural development of students, teachers and public sector employees.

17

**Incorporating** more historical facts and perspectives from Sabah and Sarawak to enhance the History subject syllabus.

18

**Building** and increasing the capacity of boarding facilities for rural students across the country.

19

**Expanding high speed Internet access (100 Gbps) to all public universities.**

20

**Allocating RM12 million**  
for special education  
programmes to rural  
communities benefiting  
615,000 participants.

21

**Providing a RM3 million** allocation  
to conduct parenting workshops in  
168 identified locations.

22

**Establishing an Institute of Native**  
**and Indigenous Peoples Studies**  
at Universiti Malaysia Sarawak and  
Universiti Malaysia Sabah.

23

**Transforming** the infrastructure  
at public universities to achieve  
smart campus status with  
the introduction of cashless  
transactions.

24

**Reducing** dropout rates among  
**Orang Asli students** and increasing  
the number of literacy programmes  
in rural areas.

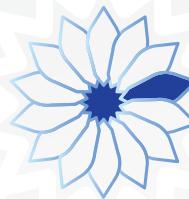

25

**Strengthening the multi-stream education system** by approving the construction of new facilities according to needs, alongside special allocations for development and maintenance to all Government assisted schools (SBK), including National Type Chinese Schools (SJKC) and National Type Tamil Schools (SJKT).

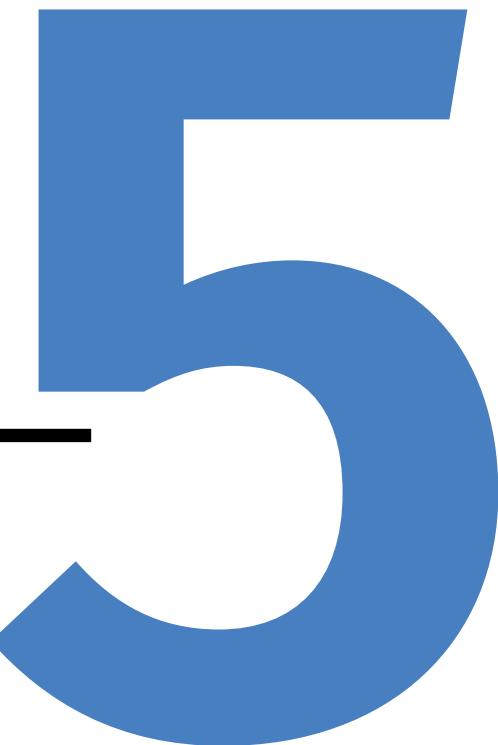

26

Qualified **citizens** with overseas examination certificates that are equivalent to Sijil Pelajaran Malaysia (SPM) and Sijil Tinggi Persekolahan Malaysia (STPM) will be considered for enrolment in higher education institutions (HEI), under the condition that they obtain a credit in Bahasa Malaysia and a pass in History - this criteria also applies to issues pertaining to Unified Examination Certificate Senior Middle (UEC).

**THE PEOPLE'S  
SAFETY IS OUR  
PRIORITY**

---

It is our commitment to ensure that the people sleep soundly at night without having to worry for their safety. We will continue to preserve the liberty and safety that we have enjoyed all this while by increasing our effort in managing any future threats.

Malaysia's geographic location exposes it to threats of border incursions, human trafficking, cross border criminals, trafficking of firearms and drugs, and the influx of illegal immigrants.

We must always be prepared to defend the nation so that no external forces can threaten the country's safety.

Since before Independence we have always made efforts to upgrade the country's defence and security equipment. Besides quality equipment and modern systems, we also believe that the welfare and wellbeing of the nation's security and defence forces are important assets in safeguarding our national sovereignty.

Therefore, in the next 5 years, we resolute in continuing this effort by:

01

**Increasing control posts** and **monitoring systems** along the Malaysian border to prevent incidents of smuggling and human-trafficking as well as terrorist threats.

02

**Enhancing** the weapons capability of security forces stationed in the Eastern Sabah Security Zone (ESSZONE).

03

**Increasing the monitoring of land borders** in Sabah and Sarawak through the Border Control Agency Malaysia (AKSEM) and AKSEMNET.

04

**Expanding** the community security role through the **People's Volunteer Corps (RELA)** in order to prevent crime in security zones such as ESSZONE.

## 05

**Increasing** Government cooperation with local defence industry players to develop Malaysian made defence technologies.

06

**Establishing a Cyber Defence Operations Centre (CDOC)** under the Ministry of Defence, to defend critical national assets from cyber-attacks.

07

**Continuing efforts** to resolve regional conflicts, especially in Southern Mindanao, Southern Thailand and Rakhine state in Myanmar

08

**Expanding regional defence diplomacy** with neighbouring, border-sharing countries and strategic stakeholders through highest level dialogues, attache exchanges and joint-training.

09

**Expanding efforts** to combat terrorism and extremism through the Global Movement of Moderates (GMM).

10

**Continuing** efforts to disseminate ideas of peace and moderation domestically and internationally through the establishment of the **King Salman Centre for International Peace**.

11

**Transforming PDRM elite corps** such as the Special Tactics and Intelligence

Narcotics Group (STING), Special Task Force on Organised Crime (STAFOC) and the Special Task Force for Anti-Vice, Gambling and Gangsterism (STAGG) to increase the effectiveness of efforts in eradicating drug-trafficking, gambling, triad gangs and organised crime.

12

**Increasing** the number of high definition closed-circuit television cameras (CCTV HD) in high-crime areas.

13

**Empowering security agencies** with the facilities and skills to combat cyber and white-collar crimes.

14

**Continuing the 1Malaysia Resident Community** grant for all residents' associations to enable the purchase of security equipment and implement crime prevention programmes.

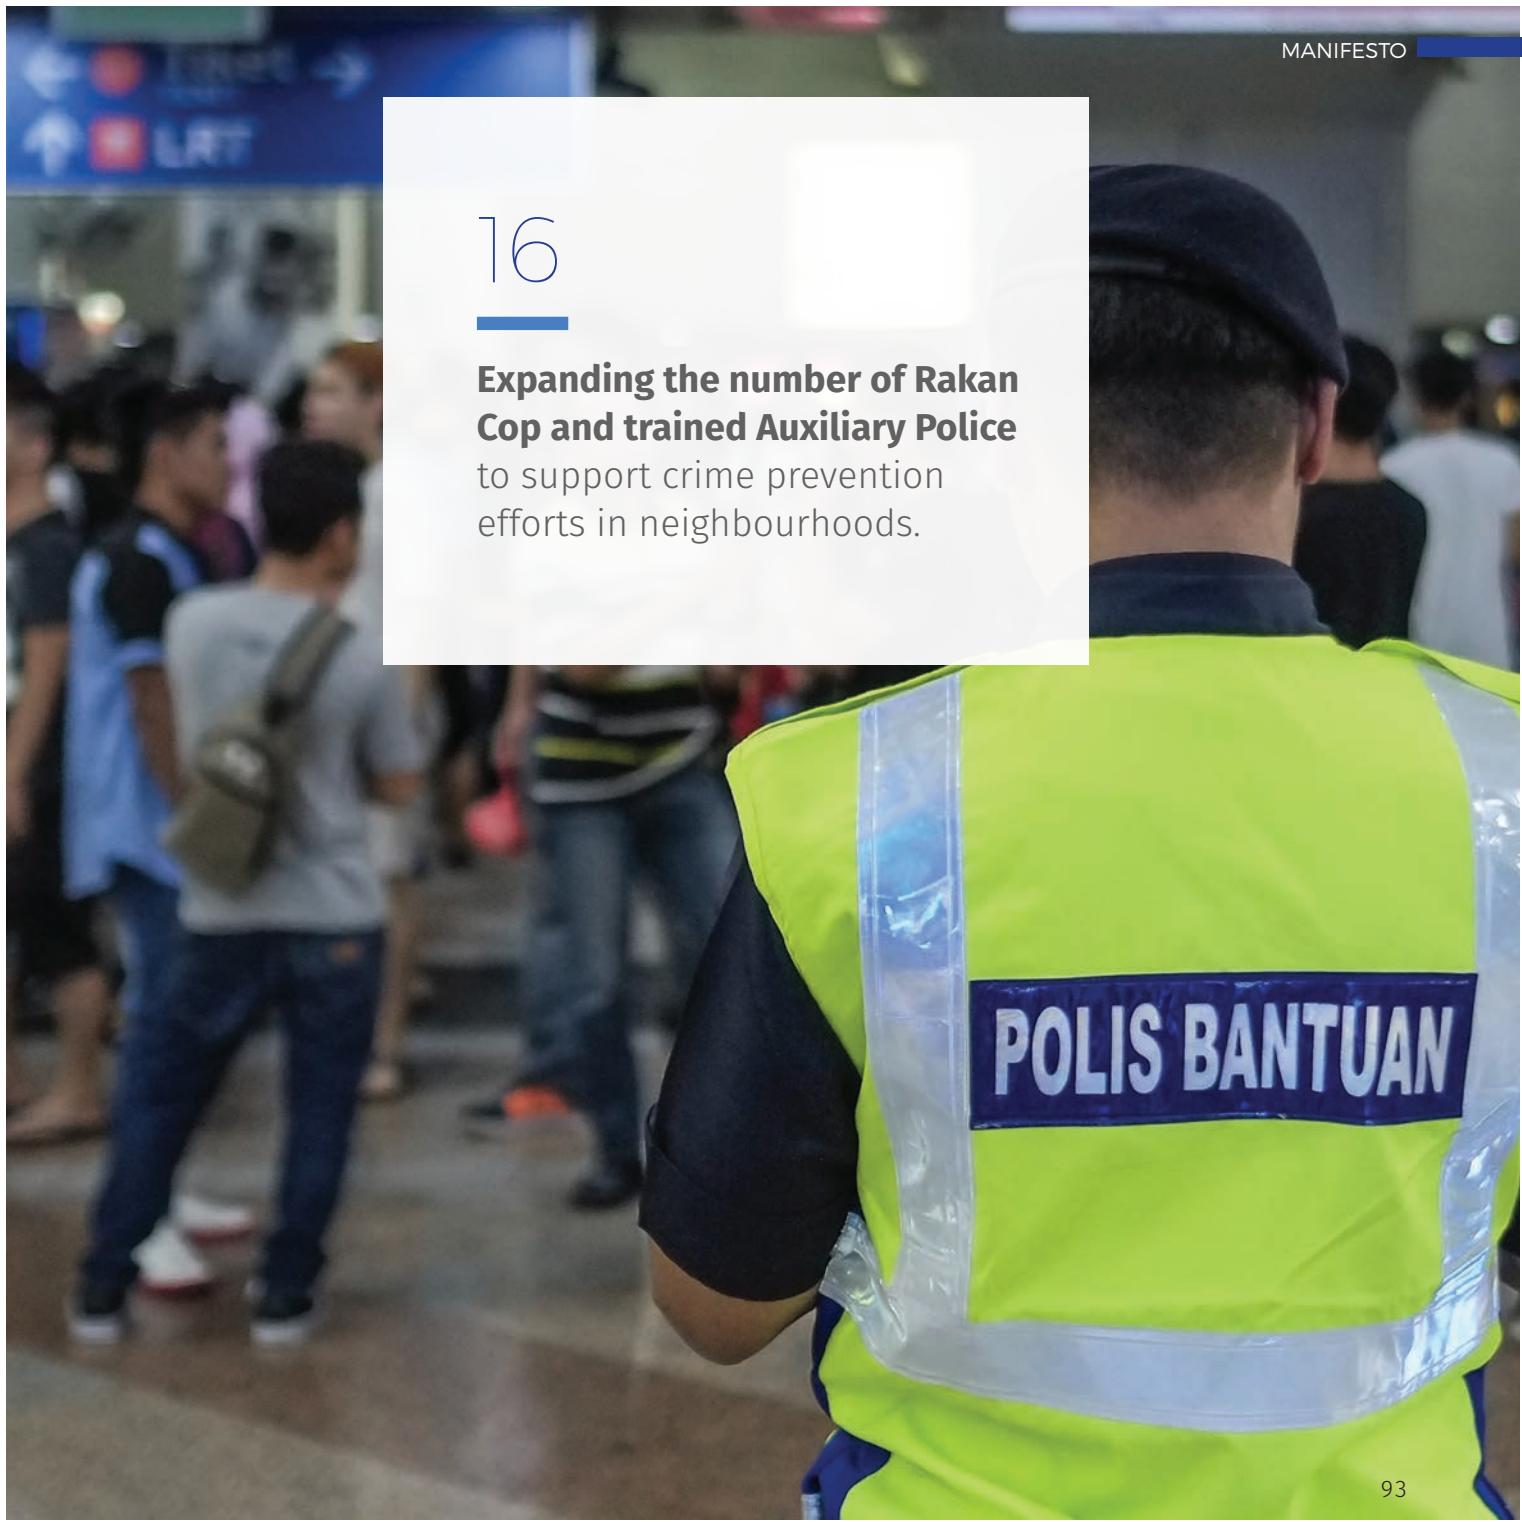

15

**Increasing security patrols**  
in public housing areas in  
cooperation with residents.

16

**Expanding the number of Rakan Cop and trained Auxiliary Police to support crime prevention efforts in neighbourhoods.**

17

**Increasing** the number of Voluntary Patrolling Scheme members to increase security controls and preserve the peace in areas with high crime rates.

18

**Implementing the National Immigration Control System (SKIN)** throughout the country to strengthen a world-class border control system.

19

**Extending** PDRM's modernisation efforts throughout the country as a measure to improve service quality

20

**Creating** special initiatives to enhance the role of community leaders in assisting the Immigration Department resolve issues relating to illegal immigrants (PATI).

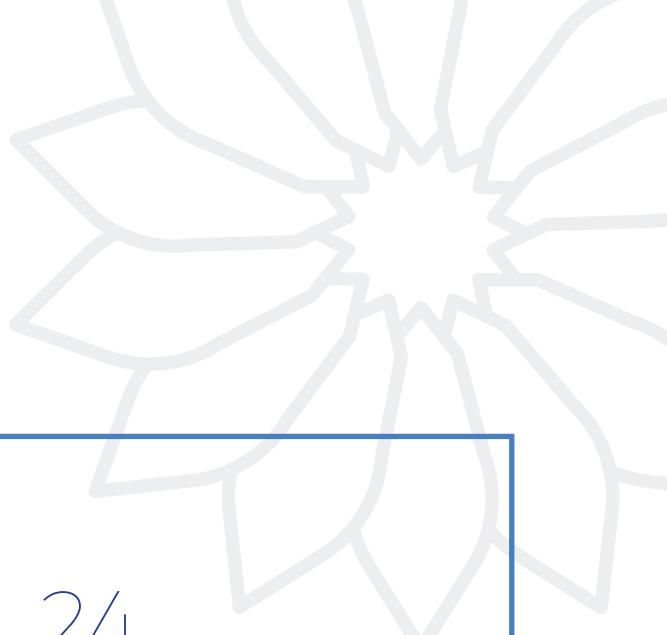

21

**Boosting** community involvement in crime prevention through PDRM's initiatives by using the Volunteer Smartphone Patrol application.

# 22

**Ensuring** all Police lock-ups in the country are equipped with high definition closed circuit television cameras (CCTV HD), as a way to prevent incidents of death, suicide and fighting during detention.

23

**Strengthening the Community Rehabilitation Programme for Drug Addicts (CRPD)** by partnering with the National Anti-Drugs Agency (AADK) and other Government agencies.

25

**Building and upgrading** PATI detention centres in Jawi, Pulau Pinang and Kemayan, Pahang.

24

**Constructing new Cure and Care Rehabilitation Centres** in strategic areas while upgrading existing centres

26

**Establishing** a 1,000-person capacity **Special Prison** with an integrated electronic security system for the placement of persons detained under the Prevention of Crimes Act (POCA) and Prevention of Terrorism Act (POTA).

A close-up photograph showing a person in a green t-shirt with their arms crossed behind their back. A police officer, wearing black gloves and a belt with a silver buckle, is handcuffing the person's wrists. The background is plain white.

27

**Expanding the “Kempen Perangi Dadah Habis-Habisan 3.0 (PDH 3.0)” initiative to 178 high-risk areas through the empowerment and support of local communities.**

## WELFARE AND WELLBEING OF SECURITY FORCES PERSONNEL

28

**Allocating 1,800 housing units**  
under the SASaR programme for  
Malaysian Armed Forces (ATM)  
veterans.

29

**Constructing 45,000 units** of Rumah  
Keluarga Angkatan Tentera  
(RKAT) homes.

30

**Upgrading** the  
equipment and expertise  
at ATM hospitals.

31

**Establishing the 1Malaysia Veteran Home Repair Programme (1MVHRP)** with a target of 1,800 recipients by 2020.

32

**Allocating 10,000 PPA1M** housing units  
for police personnel.

33

**Building 10,000 affordable housing units under the One Member, One House (SASaR) programme, specifically for Malaysian Armed Forces personnel.**

34

**Increasing the number of Perbadanan  
Perwira Niaga Malaysia (PERNAMA)**

retail outlets for the convenience of  
armed forces personnel to buy daily  
necessities at low prices.

36

**Upgrading** facilities in classrooms and  
teachers' rooms at 38 schools located  
within military camps.

35

**Upgrading** the facilities at  
nine Excellent Schools and two  
High-Performance Schools for  
the children of armed forces  
personnel.

39

**Providing the Micro Financing Scheme for Veteran Entrepreneurs (SPMUV)** to assist armed forces retirees in setting up a business.

37

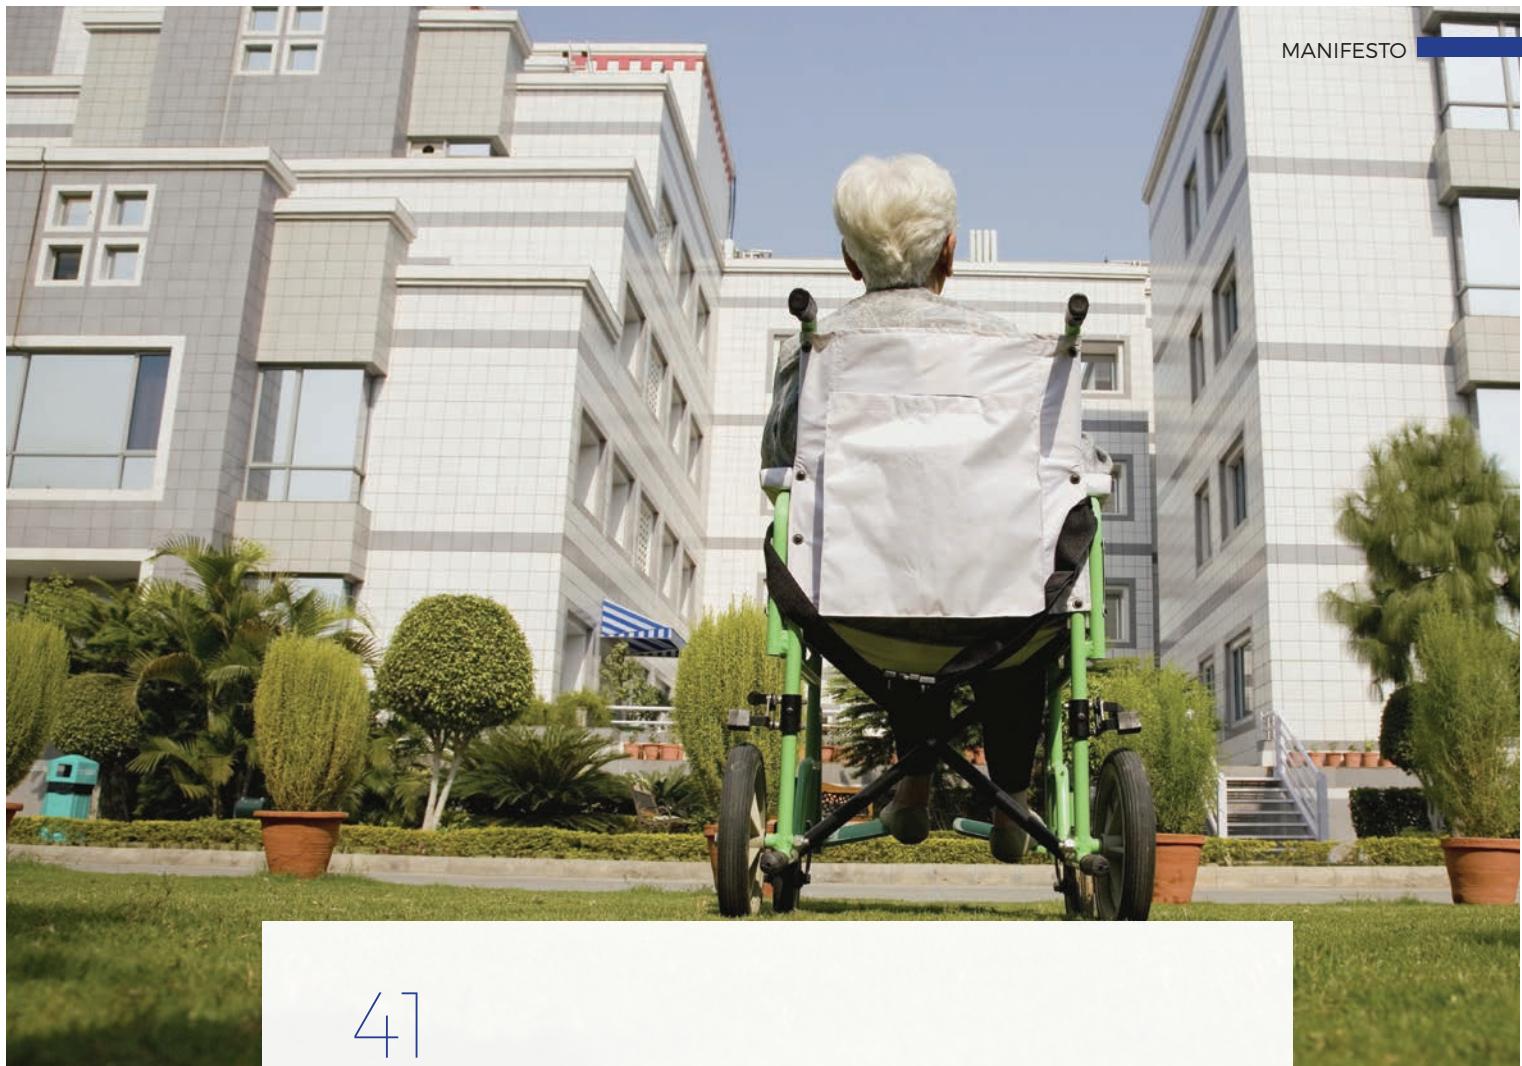

**Building** more polyclinics in military camps for the convenience of 60,000 ATM personnel and their families.

40

**Implementing the Veteran Annuity Scheme** to assist armed forces officers who are not enrolled in the pension scheme so that they receive monthly payments upon retirement.

38

**Increasing the special haj quota** for retired ATM and PDRM personnel.

41

**Constructing the country's first ATM Veteran Hospital**  
in Ipoh, which will benefit **300,000** veterans.

42

---

**Providing a Special Assistance  
of RM600 a year to ATM veterans  
(aged 60 years and above) who  
don't receive pensions or BR1M.**

## FULFILLING AND ENABLING THE SUCCESS OF WOMEN

---

6

The women of Malaysia are important national assets. The development, wellbeing and fulfilment of women is a priority of the Barisan Nasional government.

The esteemed status of women is evident in the opportunities that are outlined in the Barisan Nasional Manifesto as well as the Barisan Nasional Government's emphasis in formulating the national agenda for women.

The Barisan Nasional government will continue to provide and refine an ecosystem that is friendly to women and families in an effort to position Malaysian women as individuals, mothers, wives, daughters and leaders who are fulfilled and successful.

A medium shot of a woman in a blue hijab and white blouse sitting at a light-colored wooden desk. She is looking down at some papers. In front of her is a silver nameplate with the name "NORAINI" printed on it. To her left is an open laptop and a small brown wallet. To her right is a white smartphone and a white cup of coffee on a saucer. The background shows a blurred office environment with large windows.

NORAINI

The continued trust in Barisan Nasional granted by women will be translated into action with the implementation of initiatives such as:

01

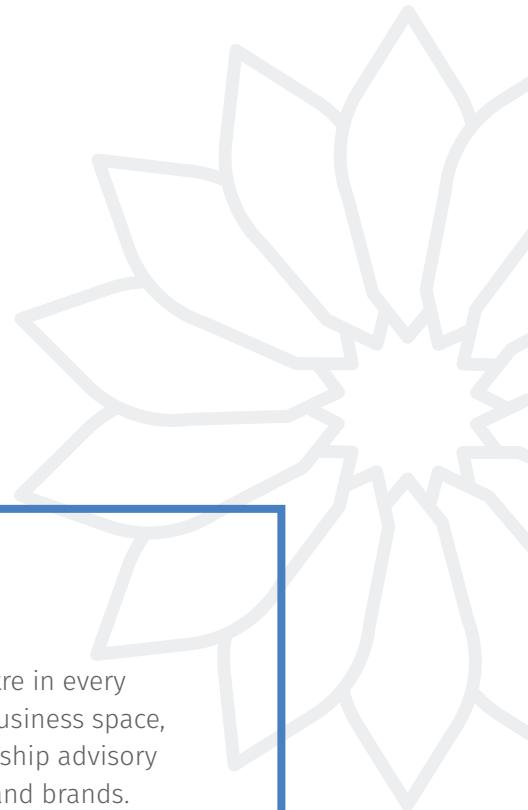

**Forming the Women's Economic Council (MEW)**, chaired by the Prime Minister, tasked with ensuring that the direction and development of women's economic agenda are given proper attention.

02

**Establishing** a women entrepreneurs' transformation centre in every state, utilising the holistic **PASARNITA** model that offers business space, expands business connectivity and provides entrepreneurship advisory services, apart from providing display areas for products and brands.

03

**Facilitating** the process for single women in securing loans by permitting the combination of incomes with siblings or parents who fulfil eligibility requirements.

## 04

**Encouraging** women to generate secondary incomes by easing microcredit loan requirements for women entrepreneurs who conduct businesses part-time.

## 05

**Creating a Women's Cooperative** that offers savings facilities and financial loans as a way to strengthen the financial status of Malaysian women.

## 06

**Enhancing vocational/TVET training for women and single-mothers** through partnership linkages with universities, polytechnics and MARA Skills Institutes (IKM).

## 07

**Boosting the income of B40 single-mothers through training provided under the **PERMATA Child Care Course.****

## 08

**Tapping the potential** of single-mothers through upskilling programmes, retraining schemes and special work opportunities.

## 09

**Guaranteeing that women comprise a minimum 30% of the Dewan Negara with an amendment to the Federal Constitution.**

## 10

**Expanding women's participation and opportunities in decision-making roles** by ensuring that at least **30%** of decision-makers in all sectors are comprised by women.

11

**Enacting the Sexual  
Harassment Act to protect  
victims from sexual harassment.**

12

**Establishing** a Special Court Council on Marriage, Custody ('Hadhanah') and Maintenance ('Nafkah'), beginning in the Wilayah Persekutuan Syariah Court, to hasten the hearing and resolution of cases.

13

**Establishing** the National Syariah Judicial Council, chaired by the Prime Minister, as the main committee in deliberation and streamlining of issues relating to Syariah legal and judicial matters in Malaysia.

14

**Encouraging** the private sector to allow pregnant mothers to leave work an hour early.

15

**Extending** the duration of tax incentives to 24 months for women who return to the job market

16

**Encouraging** companies to implement policies promoting **Work-Life Balance** by providing incentives to companies that practise such policies.

17

**Adapting the flexible work hour scheme** for mothers with children aged 2 and below.

18

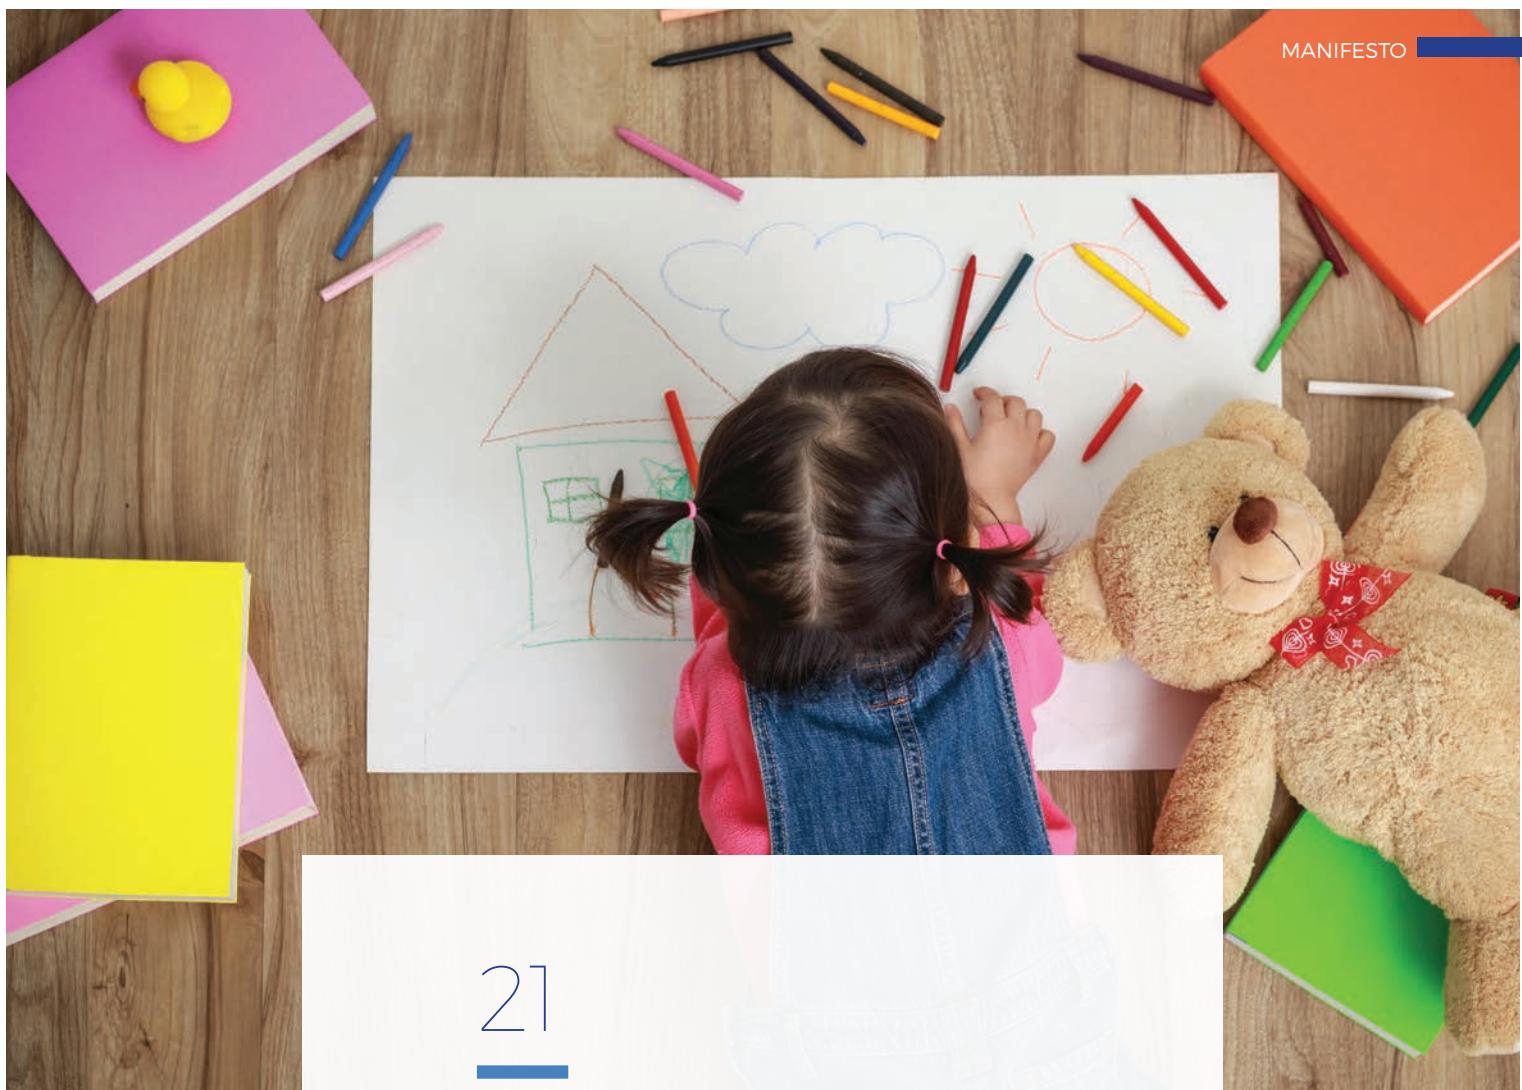

**Providing** incentives to companies that provide childcare centres and facilities for breastfeeding mothers.

19

**Permitting** male public sector employees to take 10 days unrecorded leave when their spouses give birth.

20

**Allocating 7 days** of special leave per year for women who are caregivers to their children or immediate relatives who are ill.

21

**Implementing a Universal Child Care policy** by developing a curriculum, inclusive programmes and nutritious food guidelines, besides training professional childcare personnel.

22

**Establishing the National Drugs**

Institute as a one-stop service centre for the rehabilitation of drug-addicts as well as a research centre for drug abuse.

24

Increasing the number of **1Malaysia Youth Transit Homes** offered to young women who are new to the working world.

23

**Establishing one-stop centres** that include childcare centres and entrepreneur centres for FELDA settlers, in all FELDA settlements, that is administered by the Confederation of Women FELDA Settlers Malaysia.

25

**Establishing** dedicated service counters for women and welfare aid recipients at all Urban Transformation Centres (UTC) and Rural Transformation Centres (RTC).

## **THE YOUNGER GENERATION, INHERITORS OF THE FUTURE**

---

Among the earliest objectives of the 'Transformasi Nasional 2050' (TN50) programme is to stretch - to its farthest reaches - the landscape for the younger generation to chart the future of their dreams.

In the immediate future, Malaysia must be resolute in becoming among the most esteemed countries in terms of the economy, the prosperity of the people and innovation.

The youth's spirit of volunteerism will form the core in shaping hardy hearts and minds. Meanwhile, new economic areas and opportunities will be continually created for them.

The development and enhancement of infrastructure catering to the needs of youths and teenagers will be expanded nationwide.

These are the catalysts as Malaysia steps into to the Fourth Industrial Revolution (IR 4.0), a group that is progressive, capable and who are prepared to fly the Malaysian flag high on the global stage!

Especially for the younger generation, we vow to realise the following pledges:

## 01

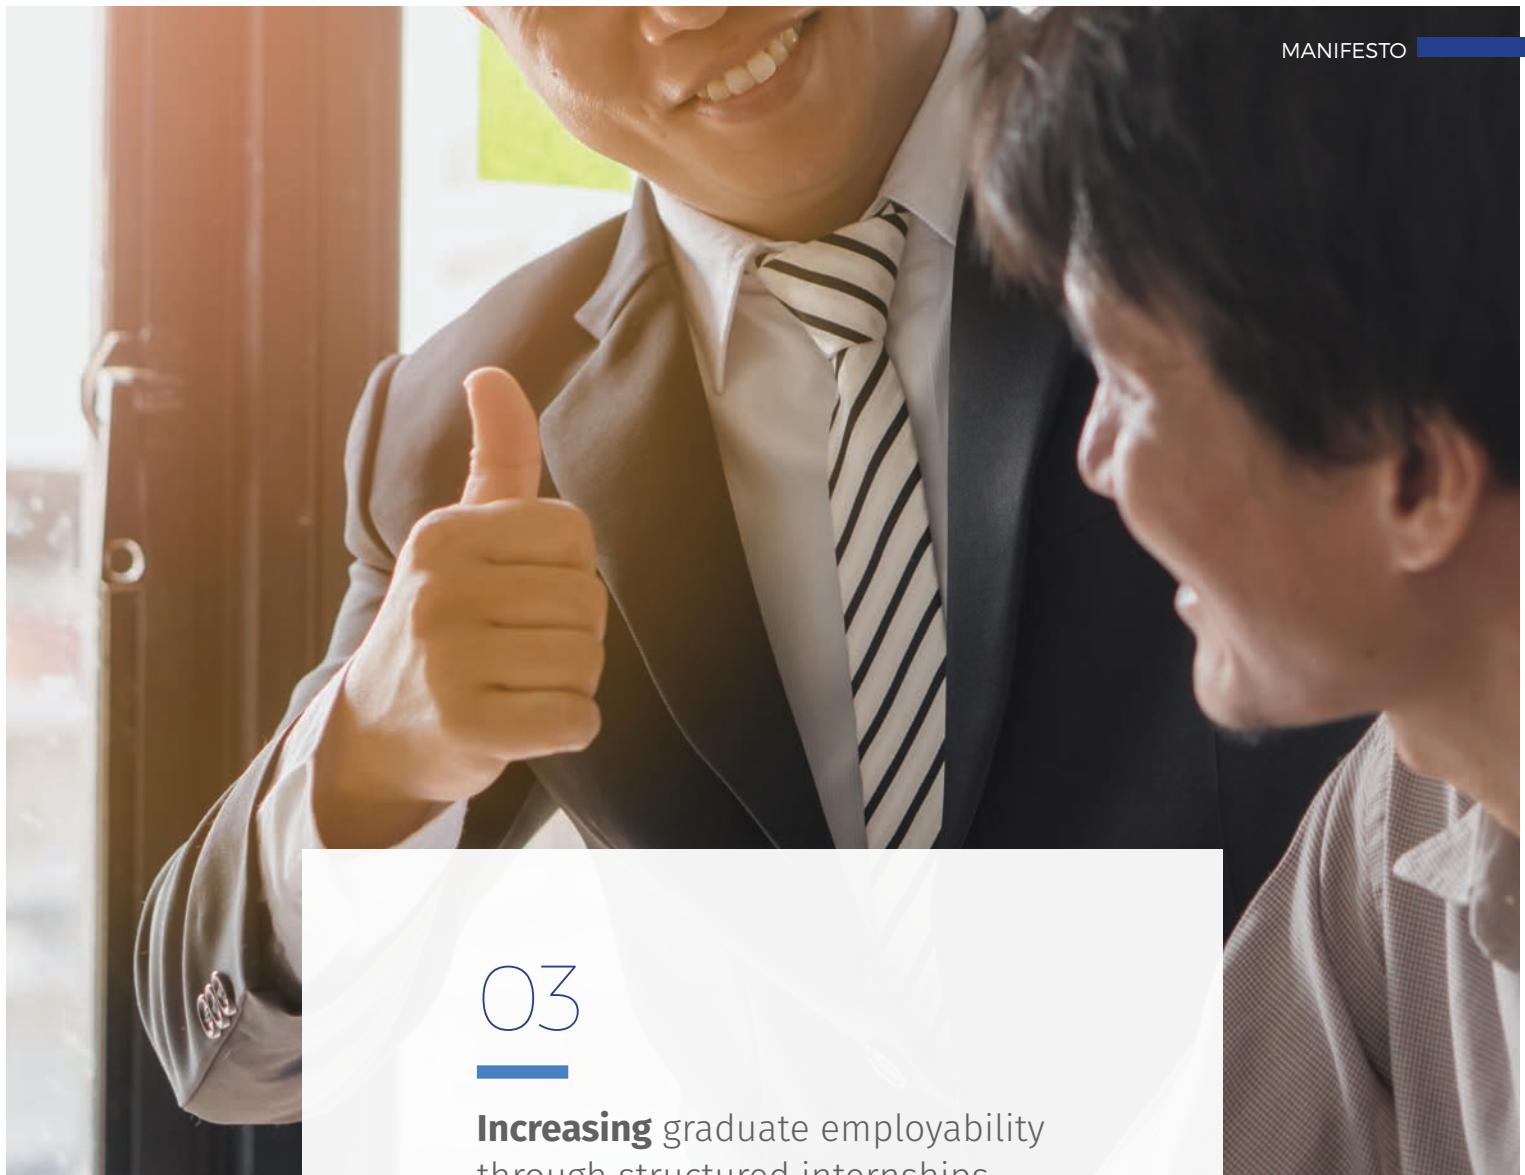

**Preparing** Malaysian youth below the age of 30 with jobs or the requisite training to secure employment within 6 months.

## 02

**Creating** an additional **50,000** TVET job opportunities, through **TVET bootcamps** (3 to 6 months) that are developed together with potential employers.

A close-up photograph of a man in a grey suit and striped tie, smiling broadly and giving a thumbs-up gesture. Another person's profile is visible on the right, looking towards the man. The background shows a wooden door and a window.

## 03

---

**Increasing** graduate employability through structured internships and soft skills training for public university students.

## 04

**Empowering Maahad Tahfiz** graduates through structured apprenticeships and internship matching programmes at companies in the halal industry.

# 05

**Increasing** the employability of unemployed graduates through the **Apprenticeship Malaysia** programme in 5 pilot industries that will then be expanded to other industries in the future.

# 06

**Creating 10,000 job opportunities** in social entrepreneurship through special funds from government-linked companies (GLCs).

# 07

**Empowering** youth public service employees through Career Cross Assignment programmes with government-linked companies (GLCs), government-linked investment companies (GLIC) and statutory bodies.

## 08

**Expanding** apprenticeship programmes in government-linked companies (GLC).

09

**Creating** digital training opportunities at 1Malaysia Internet Centres to prepare rural youths for jobs of the future.

10

**Providing** routine, unconditional health screening at Government health clinics for **youths aged 35 and 40 years.**

11

**Expanding the use of YEN** as a one-stop portal that streamlines all services, information, opportunities and assistance for youth entrepreneurs.

12

**Increasing** the number of rural youth entrepreneurs by expanding the **Rural Business Challenge (RBC)** to every district.

13

**Spearheading** lifelong learning through incentives that enable the youth to undergo **Massive Open Online Courses (MOOC)** or purchase software needed for work purposes

14

**Providing** second chances to former juvenile convicts, drug-abusers and women who became pregnant out of wedlock through TVET training and the establishment of the Second Chance Fund.

15

**Emboldening** the role of youth in national development by generating new, fresh and creative policy ideas. The best policy idea received through the **MyCadang** application will be selected for monthly presentation at Cabinet Meetings.

# 16

**Increasing** the youth's engagement with local governments (PBT) by establishing Youth PBT Councils that are capable of empowering the role and voice of the youth at the local government level.

17

**Providing** annual funds for the best youth ideas proposed to achieve all 10 main aspirations in the **TN50 Youth Canvas**.

# 18

**Enhancing the MyLESEN**  
programme by providing subsidies  
to rural youth who apply to get  
motorcycle (B2 class) licenses.

19

**Organising** art classes and sports programmes for children aged 12 and below who reside in People's Housing Projects (PPR) and the Housing Development Programme for the Hardcore Poor (PPRT).

20

**Bolstering** the younger generation's efforts to spur change through the provision of social incentives, funds, upskilling initiatives and volunteer programmes.

21

**Training Orang Asli youth** with the knowledge and skills necessary to spearhead green industries and environmental protection.

22

**Increasing** the number of unit trust for **Malaysian Children's Trust Fund 2050 (ADAM50)** recipients to help young parents ensure a bright future for their newborns

23

**Reducing** the burden for young couples that intend to get married.

24

**Building the e-Riadah** portal and application to facilitate the booking of public recreational and sports facilities, apart from offering special discounts to youths.

25

**Upgrading facilities in all Youth and Sports complexes** across the country that will be equipped with extreme parks, boarding facilities, lecture halls, pavilions and racing tracks.

26

**Upgrading all neighbourhood mini-sports complexes** for use by the younger generation.

## **WELLBEING OF SENIOR CITIZENS AND PERSONS WITH DISABILITIES**

---

According to a projection by the Department of Statistics Malaysia, senior citizens will comprise 15 percent of the population by 2030. Clear steps and initiatives must be drafted starting today to ensure that senior citizens are not sidelined from the national wellbeing programme.

The Government's commitment in ensuring the wellbeing of senior citizens and persons with disabilities will be further enhanced. Access by differently-abled students to education such as the Permata Kurnia programme will be expanded throughout the country.

Companies who voluntarily provide employment opportunities to persons with disabilities are given various incentives. Families with differently-abled children (autistic children, for example) will be assisted with appropriate home-based intervention programmes. Advanced technology will be fully utilised to ensure the family receives early intervention.

Therefore, within the next 5 years, we are committed to continuing this effort by:

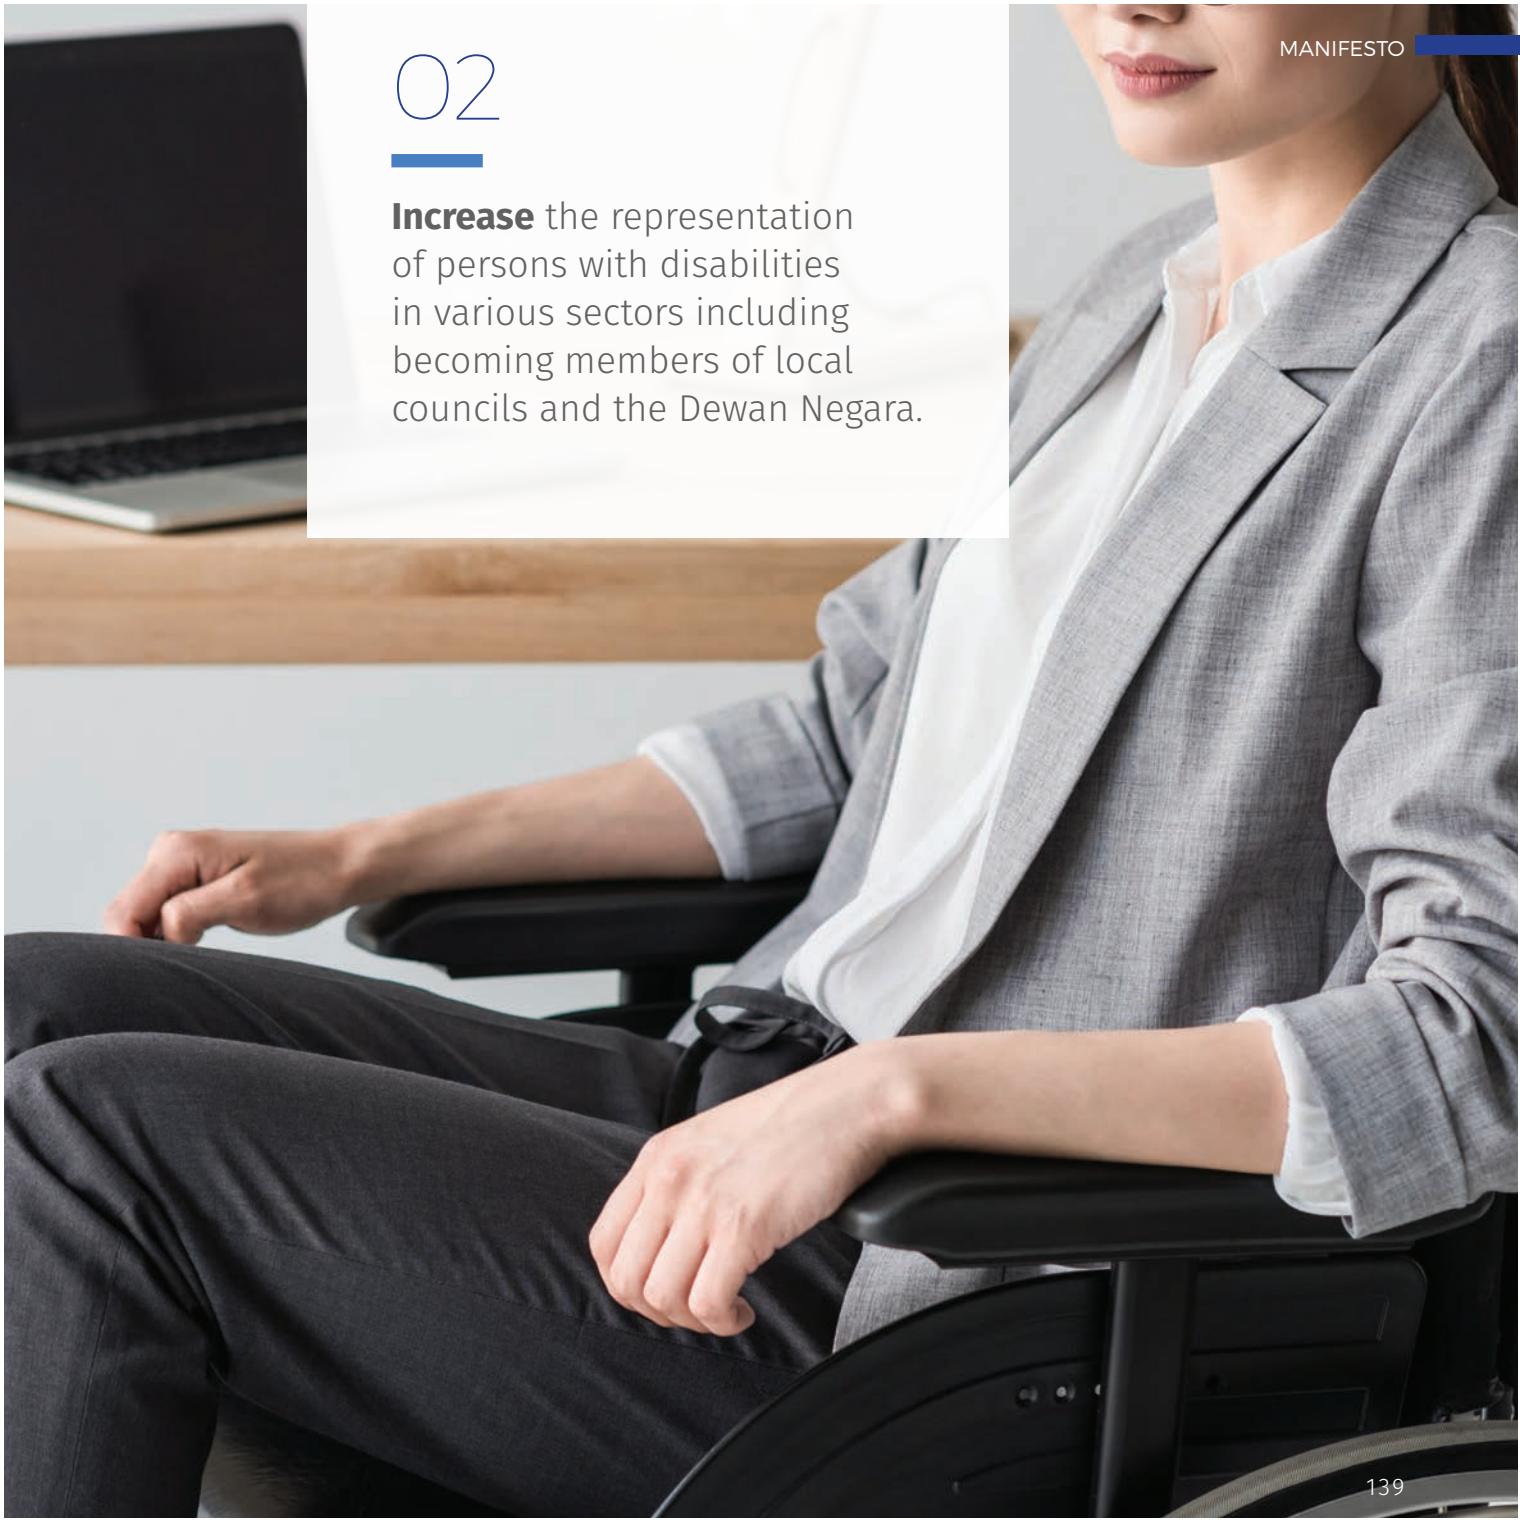

## 01

**Expand** employment opportunities for persons with disabilities by creating a special one-stop portal where their services can be marketed online.

## 02

**Increase** the representation of persons with disabilities in various sectors including becoming members of local councils and the Dewan Negara.

## 03

**Increase** tax incentive to companies that employ persons with disabilities.

# 04

**Provide** more benefits and access to affordable education and care services to those with special needs in every district.

## 05

**Provide a specific module** on early intervention to families with autistic children in collaboration with **PERMATA** centres.

# 06

**Open** memberships to special clubs and selected community programmes to retirees and senior citizens.

## **STRENGTHENING NATION BUILDING**

---

Barisan Nasional believes that the achievement of any civilisation cannot be measured solely from an economic perspective, but must also be weighed through aspects such as the advancement of knowledge, the development of art, literature and culture, as well as the society's high level of intellect.

Therefore, for decades, we have strived to build a nation state that emulates a knowledge civilisation and the high refined values of humanity.

This objective is realised by focusing on the welfare of the people, volunteerism, racial unity and justice for all.

Therefore, within the next 5 years, we are committed to continuing this effort by:

01

**Continuing** to disburse grants to all registered religious institutions that seek to implement programmes of understanding and harmony among the people.

02

**Establishing a special non-Muslim unit** in the Prime Minister's Department to promote dialogue on equality and mutual understanding between races.

03

**Establishing a special Non-Governmental Organisation (NGO) unit** under the Prime Minister's Department (PMD) to strengthen cooperation between Government and NGOs in realising the national development agenda.

## 04

**The rights of Sabah and Sarawak under the Malaysia Agreement 1963 will be realised by consensus.**

## 05

---

**Discarding** the term “others”  
(lain-lain) under race selection  
in the Government’s online  
application system.

# 06

---

**Restructuring** welfare aid to the needy according to number, frequency and priority, based on unique individual needs and cost of living in the locality.

07

**Empowering national volunteers** through a preliminary registration system and specific training to prepare them to handle disasters more effectively.

08

**Establishing the Negaraku Disaster Relief Fund** to coordinate contributions from individuals and corporations for more organised channelling of relief funds.

09

**Rejuvenating** the Neighbourhood Watch (Rukun Tetangga) to look younger, more energetic and inclusive by targeting **30%** youth representation in the leadership of the Neighbourhood Watch (Rukun Tetangga) committee.

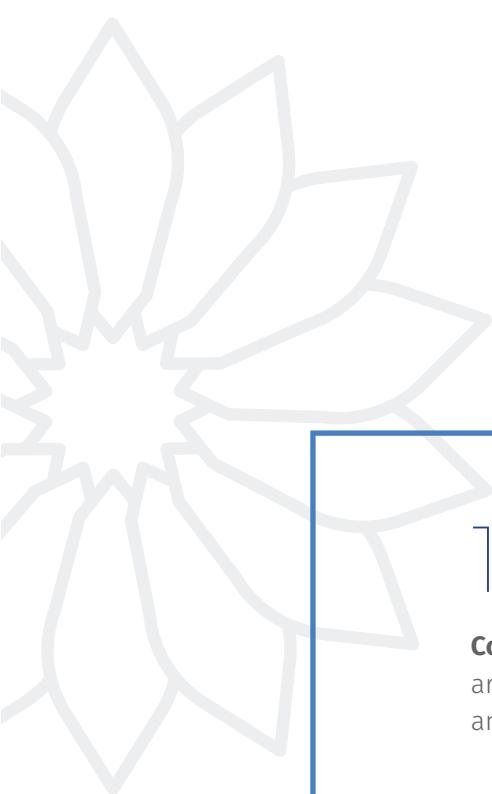

10

**Upgrading** the National Arts Culture and Heritage Academy (Akademi Seni Budaya dan Warisan Kebangsaan ASWARA) to **P. Ramlee University** in order to drive the creative and cultural industries in Malaysia.

11

**Increasing** the intake of multi-racial students in the **Integrated Industrial Training Programme** (Program Latihan Industri Perpaduan PLIP) to **1,000** participants.

## 12

**Continuing** humanitarian aid for residents in conflict areas of the Gaza Strip, West Bank, Syria, Yemen and Rakhine.

**10**

**PRIORITISING  
PEOPLE'S SOCIAL  
WELLBEING AND  
QUALITY OF LIFE**

---

The people's wellbeing is the most important axis in the country's development strategy. The people's quality of life needs to be reviewed in a more holistic manner. Focus areas will be expanded to meet the needs of the people. Wellbeing is a very broad concept, encompassing various facets of human life such as the economic, psychological and social aspects.

There is no perfect set of indicators to assess the level of wellbeing of the people. More importantly, there should be a continuous effort to assess the people's wellbeing elements through economic and social perspectives.

It encompasses aspects such as culture, environment, family harmony, governance, health, housing, income distribution, public security, social participation and working environment.

Therefore, within the next 5 years, we are committed to continuing this effort by:

01

**Realising** the distribution of Euro5 diesel nationwide to promote use of cleaner diesel fuel over the next five years.

04

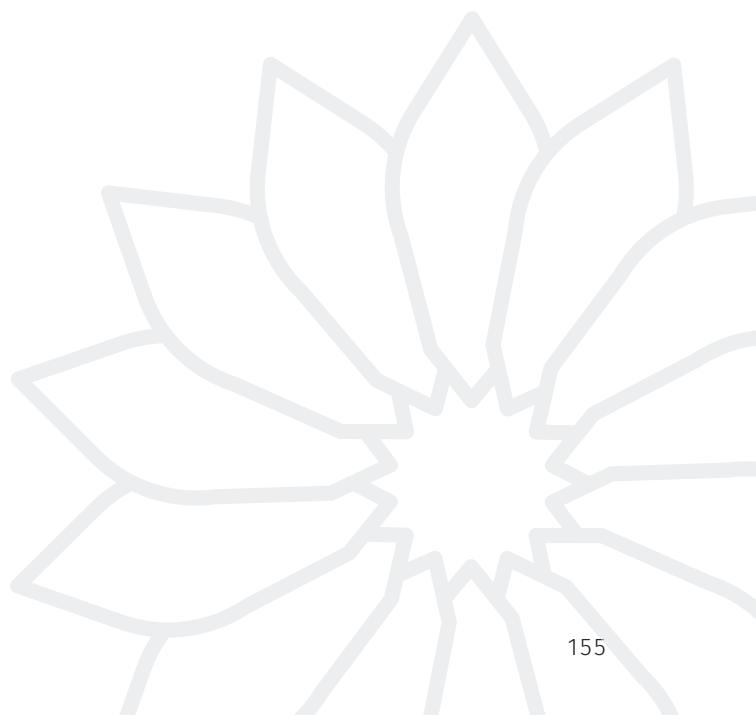

**Enhancing** flora and fauna preservation, forest protection, and biodiversity of marine life and wildlife by introducing new laws on conservation and sustainable forest management.

02

**Intensifying** the Environmental Quality Monitoring Programme (EQMP) through efforts to filter floating particle pollution, enhancing enforcement activities and planning of development projects to make the air fresher and cleaner for the people.

03

**Introducing the water laws** through the application of National Integrated Centralised Management System to guarantee access to clean water for the people.

05

**Ensuring** a balance between socio-economic development, conservation and environmental protection so that profits from the national forest can benefit the community and be protected through the Access to Biological Resources and Benefit Sharing Act 2017.

06

**Realising** Malaysia as a **Green Economy** country through reduction of carbon emissions and generating energy through renewable sources.

07

**Encouraging** the private sector to continue contributing towards the development of zoos, protection of wildlife and beautification of public parks through fund-raising and government funds.

08

**Providing** a more efficient garbage disposal and solid waste disposal service, especially in rural areas.

09

**Building** more **pocket parks** in cities throughout the country.

10

**Developing** and **improving** healthcare services in rural areas by increasing the number of specialist physicians, hospitals and 1Malaysia Clinics (K1M).

11

**Strengthening** the capacity of the Family Health Development Division by expanding the **Free Family Doctor Team concept** to patients of chronic illnesses.

12

**Adding healthcare services** such as hemodialysis, treatment aid fund and pensioner healthcare services.

13

**Upgrading** and building new hospitals and health clinics with an increase in **Mobile Medic Team** members.

14

**Streamlining** health and dental services to elderly and bedridden patients through home visits.

15

**Simplifying** the health services system through online processes including registration, appointments scheduling, case referrals and treatment.

16

---

**Raising** the nutrition level of children aged from 6 months to 6 years old in hardcore poor families.

17

**Developing** new programmes and initiatives that are more effective in addressing mental health issues.

18

**Improving** the efficiency of emergency and ambulance services

19

**Increasing** the expertise and technological capabilities of the Communicable Disease Control Unit.

20

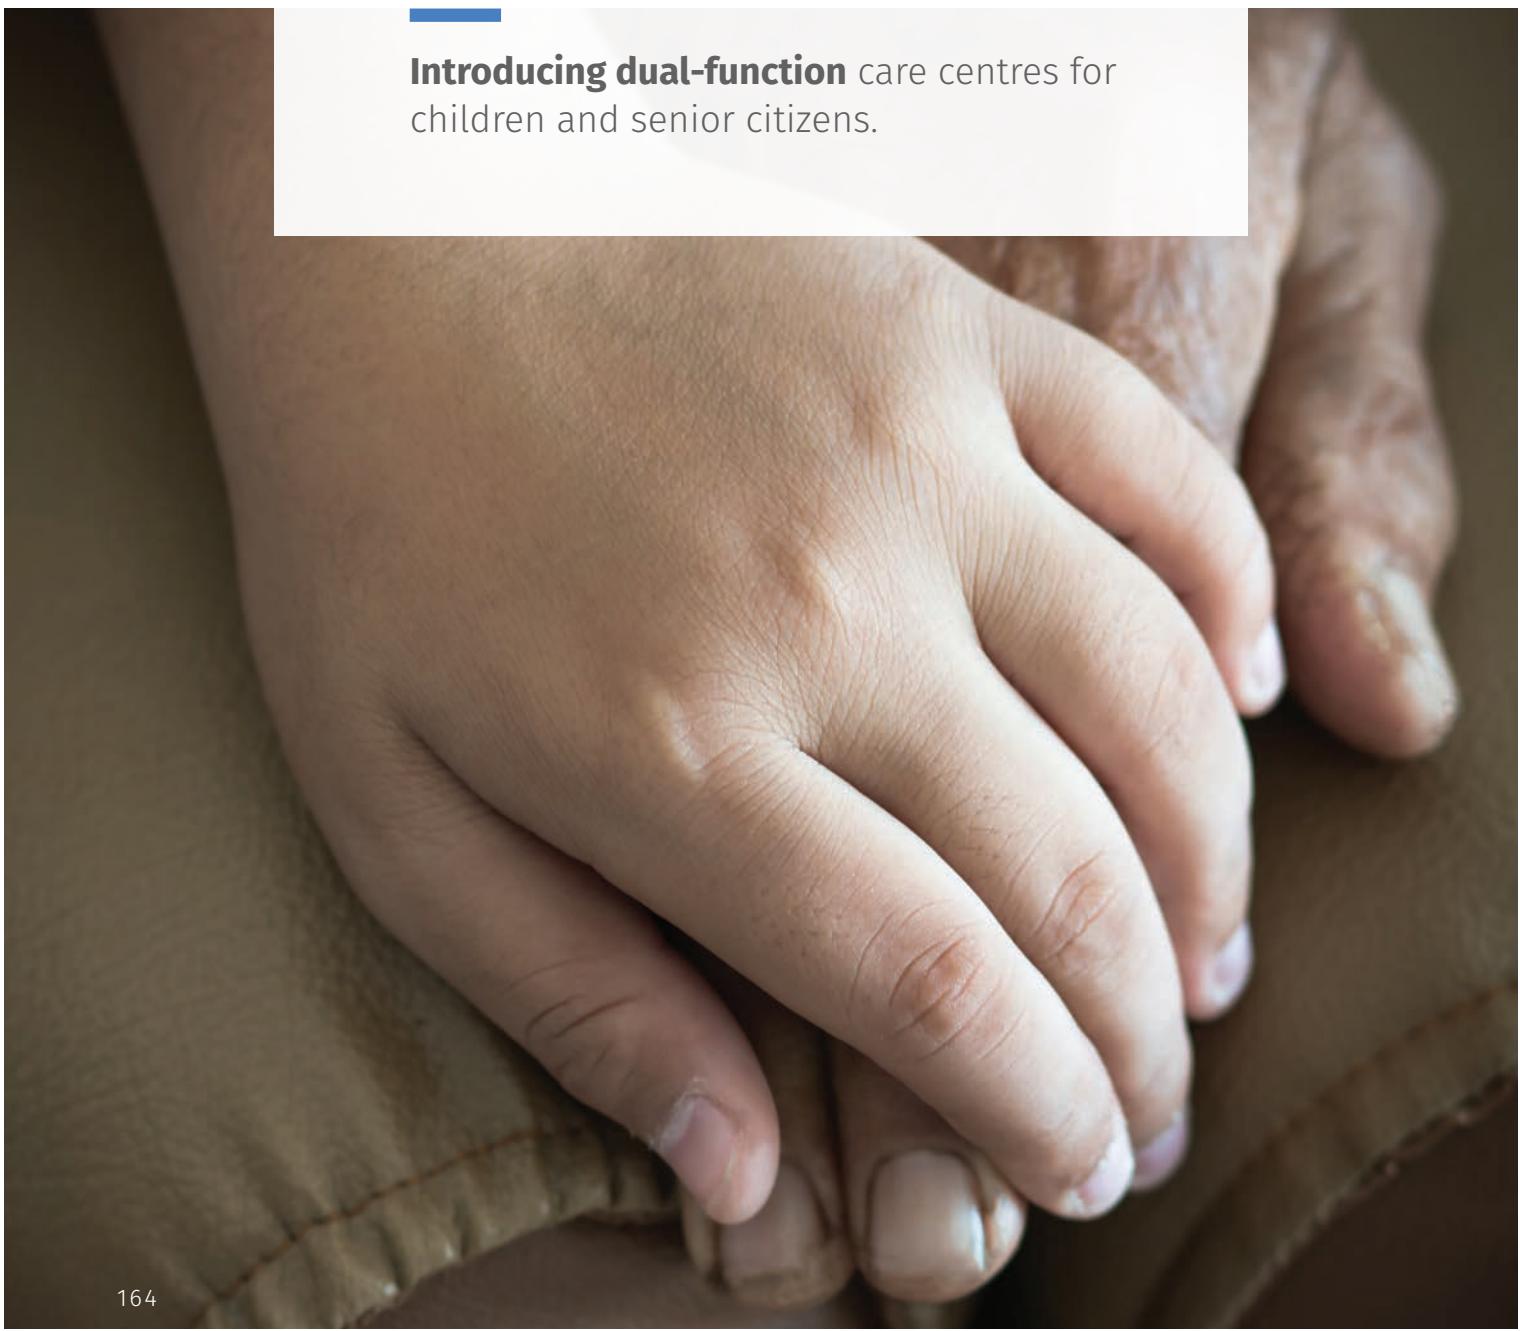

**Empowering the Communication for Behavioural Impact (COMBI)** and National Empowering Healthy Community (KOSPEN) programmes throughout the country.

21

**Strengthening** flood preparedness plans via implementation of 69 **Flood Mitigation Masterplan (RTB)** projects nationwide with a total cost of **RM8.57 billion**. This initiative will benefit **1.5 million** people.

# 22

**Introducing dual-function** care centres for children and senior citizens.

23

**Assisting** transit centres and expanding food relief programmes for the homeless.

24

**Continuing** to provide monthly electric bill subsidies to more than **1 million** consumers

25

**Providing an individual tax incentive** of **RM1,000** a year for those who contribute towards the development of national cultural arts.

26

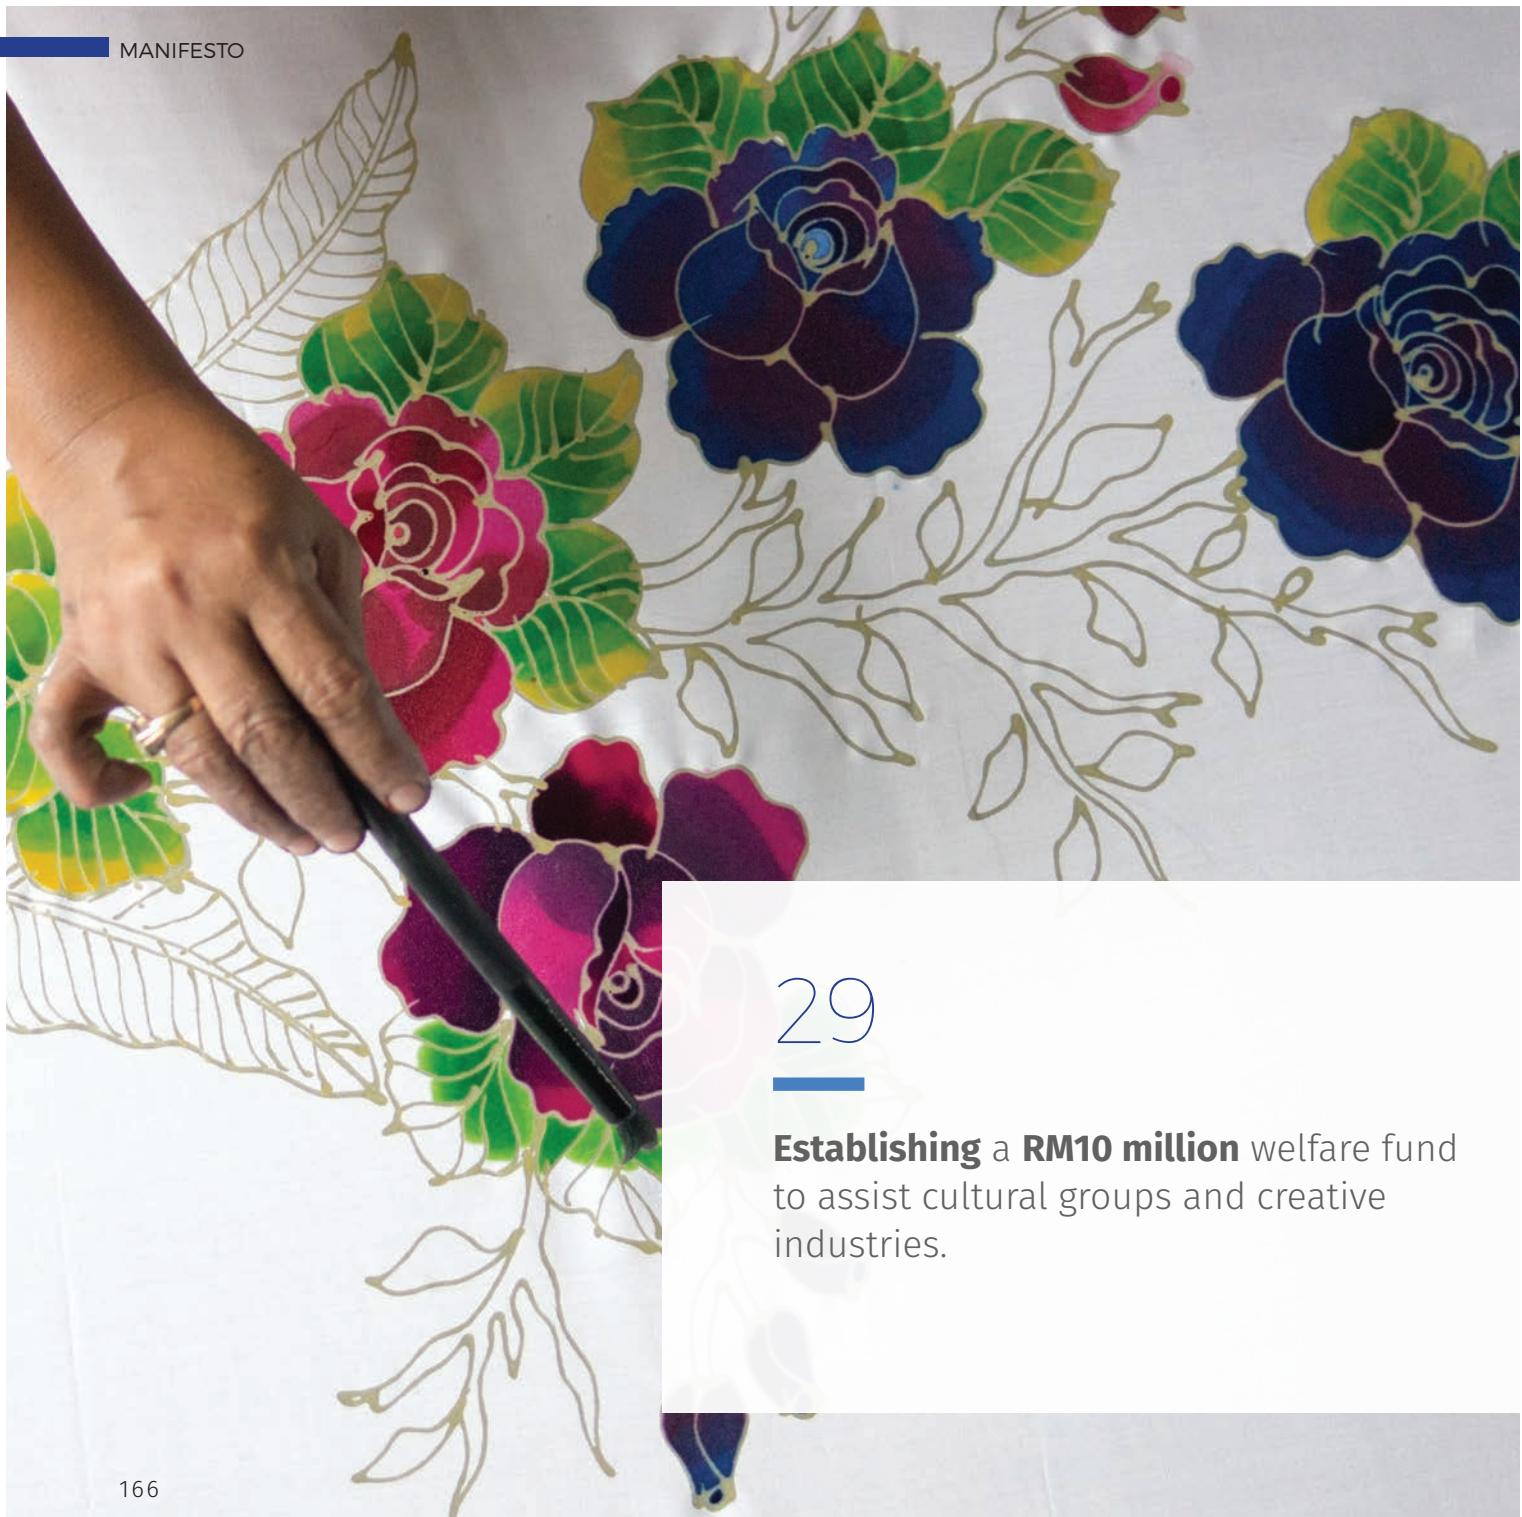

**Allocating RM3 million** for the Art Practitioners Welfare Fund (Tabung Kebajikan Penggiat Seni TKPS) every 5 years.

27

**Providing** a grant of **RM5 million** every 5 years to activists of heritage bodies.

28

**Encouraging** arts and culture in society to flourish by providing venues such as the Cultural and Arts Centre (Wisma Kesenian dan Kebudayaan).

29

**Establishing a RM10 million** welfare fund to assist cultural groups and creative industries.

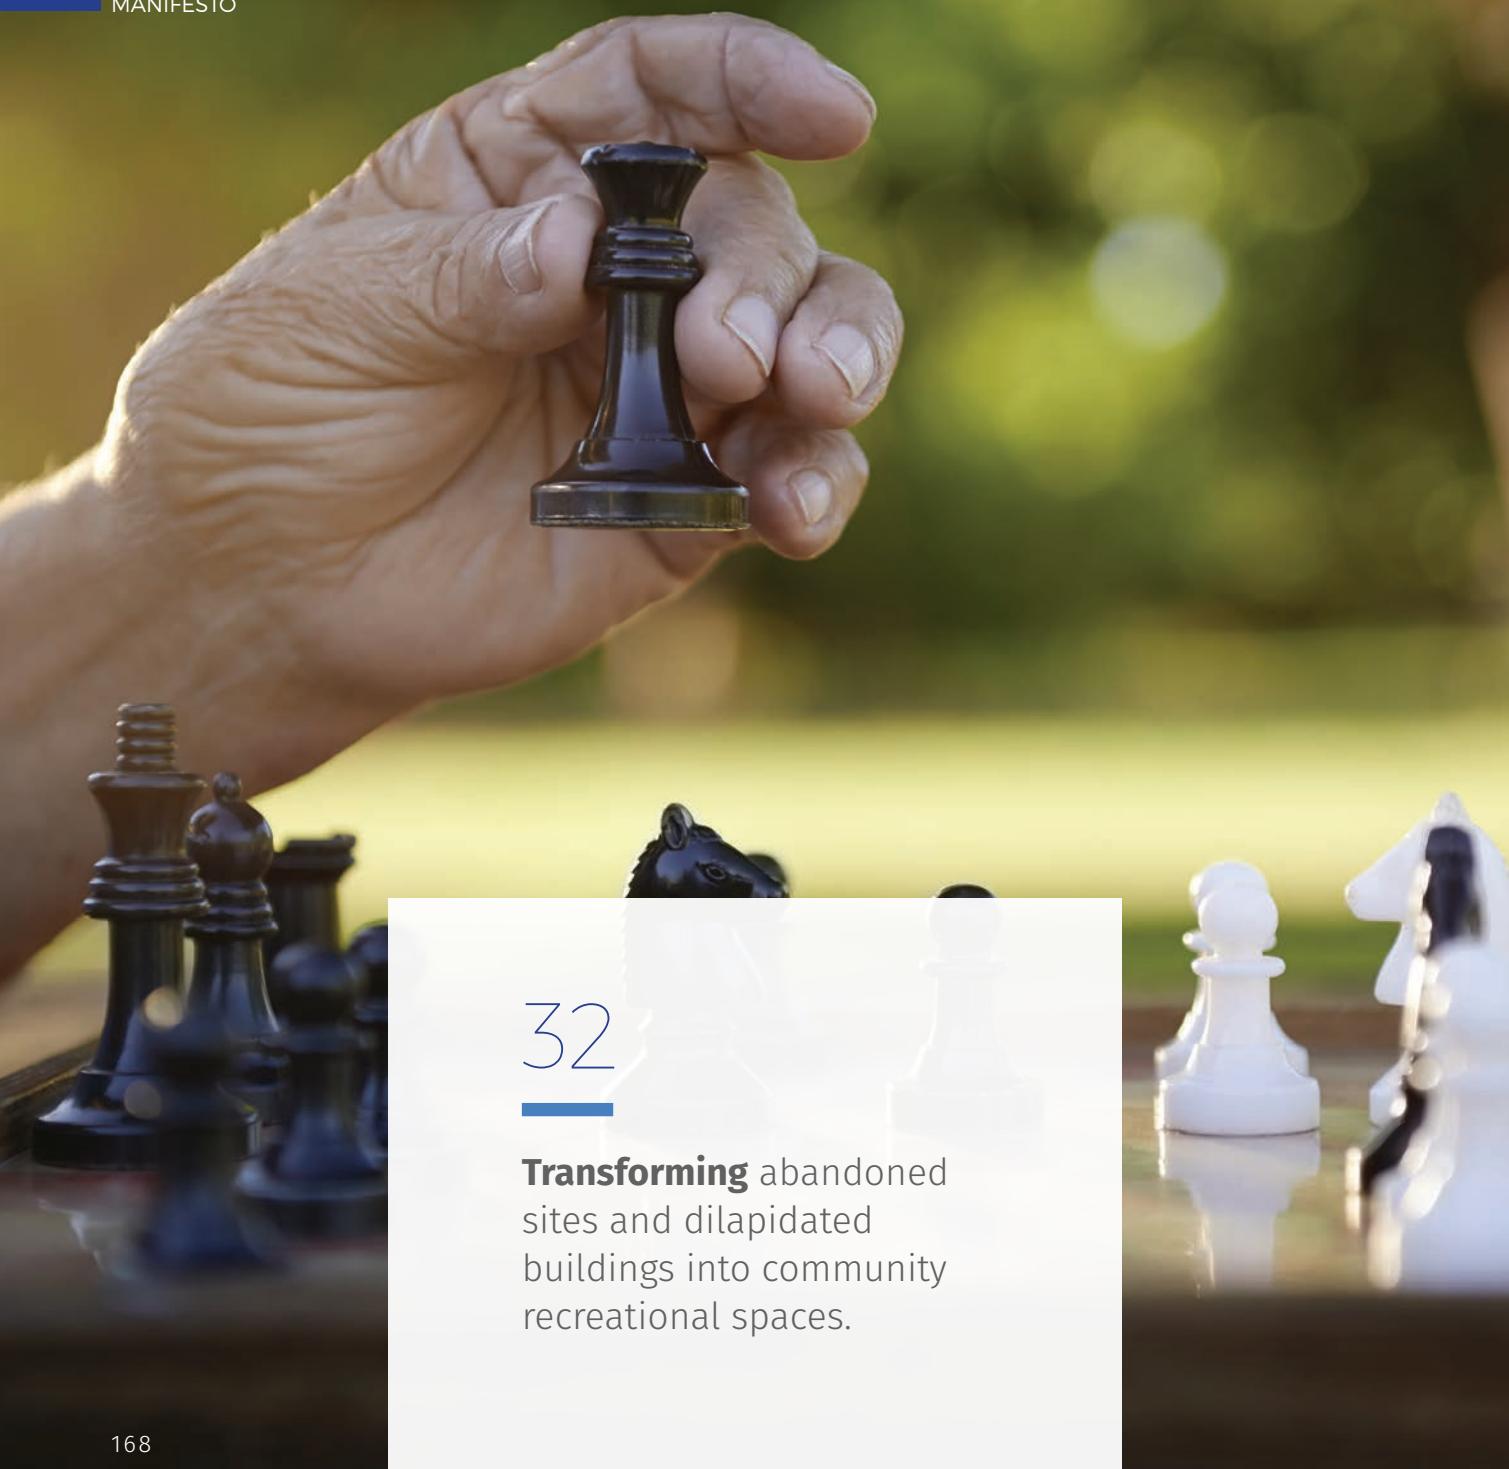

30

**Increasing** the amount of Content Malaysia Pitching Centre's creative micro grants to **RM10,000** from the existing RM5,000.

31

**Reviewing** the production and content budget for private television stations.

A close-up photograph of a person's hand holding a black chess king piece. The hand is positioned as if it's about to move the piece. In the background, a chessboard is visible with several other chess pieces, both black and white, scattered across the squares. The lighting is bright, suggesting an outdoor setting like a park. The overall composition suggests a game of chess or a metaphor for strategic planning.

32

---

**Transforming** abandoned sites and dilapidated buildings into community recreational spaces.

33

**Establishing** at least one **Internet Centre** with a minimum speed of **20 mbps** in each State Legislative Assembly area for the local community use.

34

**Expanding the National Flood  
Warning Prediction Centre's (PRABN)**  
warning coverage to **3.4 million** people  
nationwide by 2022.

## **PEOPLE'S INFRASTRUCTURE AND ENHANCING CONNECTIVITY**

---

Whereas previously, development was centered on major cities of the west coast and then widened to the surrounding areas, now the country's development advances equally in every state from Perlis to Sabah.

Since 2009, we have identified 13 high-impact public infrastructure projects across the country that will benefit the people. Some of these we will continue in the next five years as the projects are still under construction.

We also have not forgotten the people's infrastructure projects such as village roads, bridges, streetlights and sewerage projects. These projects may contribute little to economic growth but are immeasurably significant to ensure the people's wellbeing.

Therefore, within the next 5 years, we are committed to continue this effort by:

01

**Upgrading** the Penang International Airport, Langkawi International Airport, Kota Bahru Airport and Sandakan Airport that involves an allocation of **RM1.3 billion**.

02

**Building** the Mukah and Lawas airports with allocation of **RM758 million**.

03

**Building a Rapid Transit System (RTS)** linking Johor Bahru and Singapore.

# 04

## **Building the Kuala Lumpur-Singapore High Speed Rail (HSR).**

# 05

## Building the East Coast Rail Line (ECRL) from Port Klang to Pengkalan Kubor.

06

**Building** the Gemas-Johor Bahru dual-track railway line.

07

**Upgrade the Klang Valley dual-track** railway line involving repair work along **42km** of railway tracks.

08

**Building** a world-class modern port in Carey Island as the latest maritime hub with an investment of **RM200 billion**.

This will significantly propel Malaysia's competitiveness in the region's port services industry.

09

**Building** an electrified railway line from **Subang Jaya to the Subang Skypark Terminal** as part of the integration of railway transportation.

10

**Upgrading** transportation infrastructure in Labuan through the construction of bridges and ferry terminals to attract investors and tourists.

11

**Completing** the West Coast Expressway from Banting to Taiping by 2020.

12

**Upgrading** Langkawi's jetty facilities, terminal and Customs, Immigration and Quarantine (CIQ) Complex with an allocation of **RM86.5 million** to attract more tourists and foreign investment.

13

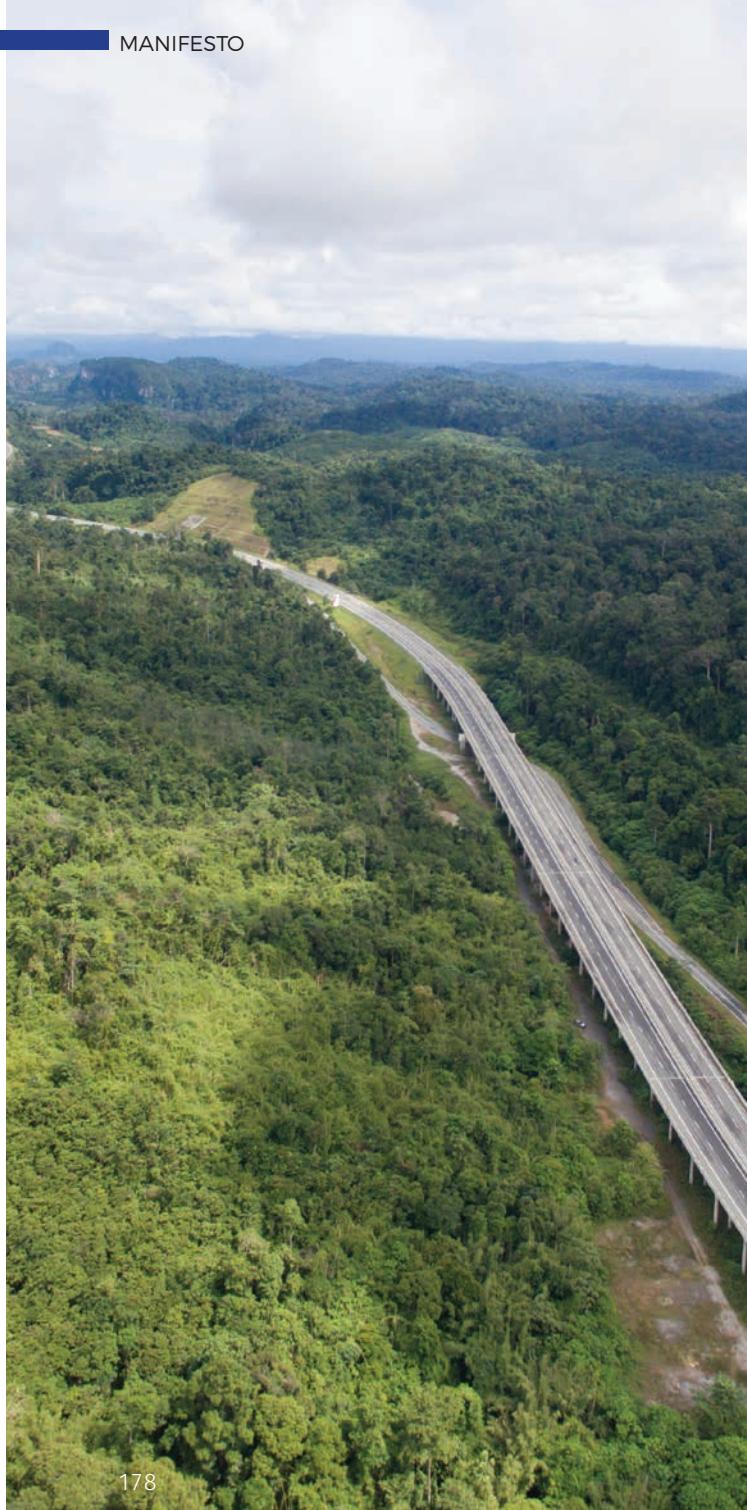

**Building** and upgrading bridges in critical areas such as in Batang Lutar, Temerloh, Kota Tinggi and Batang Kali.

14

**Building Customs, Immigration and Quarantine (CIQ) Complexes** in Tebedu, Sarawak and Kalabakan, Sabah to increase economic growth and increase border security.

15

**Expanding the Multi-Product Pipeline (MPP)** coverage area by **600km** to increase distribution efficiency in Peninsular Malaysia.

## 16

**Building the Central Spine Road**  
connecting Kelantan, Pahang  
and Negeri Sembilan to reduce  
traffic congestion and drive new  
economic growth in the East Coast  
Economic Corridor.

17

**Increasing** the Klang Valley's public transportation network with the construction of Phase 3 of the **Light Rail Transit (LRT)** and the **Mass Rapid Transit (MRT)**.

18

**Building** a **140km** natural gas pipe line from Ayer Tawar to Ipoh.

19

**Establishing** new modern and green urban developments along public transportation lines such as the ECRL, HSR and Gemas-Johor Bahru Dual-Track Railway Line.

20

**Establishing an integrated Intelligent Transportation System (ITS)** that covers every type of transportation and traffic throughout the country.

21

**Expanding** electricity supply in Sabah and Sarawak with an allocation of **RM2.3 billion**.

22

**Completing** the third phase of the **East Coast Expressway**.

24

**Upgrading** roads and traffic dispersion at existing ports to control congestion and increase trade.

23

**Upgrading** Electric Train Service (ETS) coaches.

25

**Building** the Perlis Inland Port (PIP) in Chuping Valley to increase handling capacity to **2 million** containers (TEUs) a year.

26

**Building the Trans Sabah Gas Pipeline (TSGP) worth RM4.3 billion** that will stabilise electricity supply and spur economic growth in Sabah.

27

**Repairing** KTM coaches and locomotives.

28

**Repairing** the railway tracks and bridges in the East Coast.

29

**Upgrading** the Sabah railway track from **Halogilat to Tenom**.

30

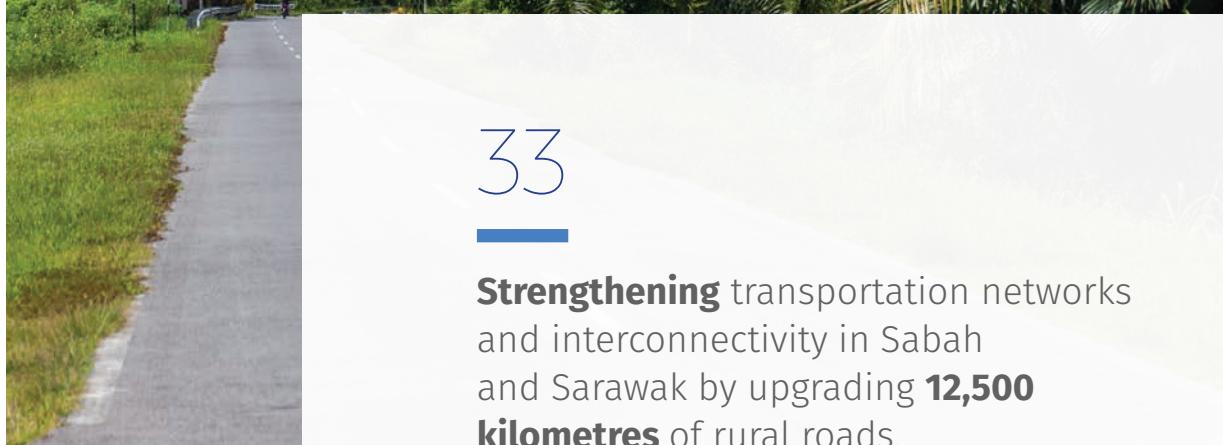

**Upgrading** and maintaining federal roads on a regular basis as an alternative to tolled highways.

31

**Promoting** optimal use of electricity through installation of **smart metering** and **LED lights** that will benefit **8.5 million** users nationwide.

32

**Increasing** the usage of electric buses in stages to reduce emission of carbon dioxide.

33

**Strengthening** transportation networks and interconnectivity in Sabah and Sarawak by upgrading **12,500 kilometres** of rural roads.

34

**Upgrading** drainage and irrigation systems in **143** locations to increase paddy output throughout the country.

37

**Building** and **upgrading 830KM** of plantation roads to increase accessibility to small farms.

35

**Establishing** 3 sewerage schemes in Sabah.

38

**Enhancing** the interconnectivity agenda between rural areas through construction of **383 small bridges** throughout the country.

36

**Upgrading 422KM** of roads in FELDA areas.

39

**Adding** more streetlights in FELDA settlement areas.

40

**Upgrading** 18 existing fish markets nationwide.

43

**Adding signage**, road markings and streetlights along **1,240KM** of roads in FELDA areas to increase road safety.

41

**Upgrading 419KM** of sewerage pipelines in FELDA areas.

44

**Building** a Regional Sewage Treatment Plant in Tunjong, Kelantan encompassing a **34.9KM** of sewerage pipeline that will benefit 300,000 residents.

42

**Building** four Regional Sewage Treatment plants and a Sewerage Pipeline Network in Peninsular Malaysia.

45

**Building** two Regional Sewage Treatment Plants, Sewerage Pipeline Networks and five Septic Sludge Plants in Sarawak.

46

**Building more Urban Transformation Centres (UTC) and Rural Transformation Centres (RTC)** throughout the country to improve the efficiency of the Government's delivery system, facilitate public dealings and help small entrepreneurs.

47

**Upgrading 623KM** of roads in paddy growing areas for better transportation of paddy.

50

**Installing** more streetlights in rural areas with an allocation of **RM100 million**.

48

**Building** 20 fish markets throughout the country.

51

**Providing** a **RM150 million** fund for maintenance and replacement of existing streetlights in rural areas.

49

**Upgrading** 3 Fishery Development Authority of Malaysia (LKIM) complexes.

52

**Continuing** the **water subsidy** in rural Sabah.

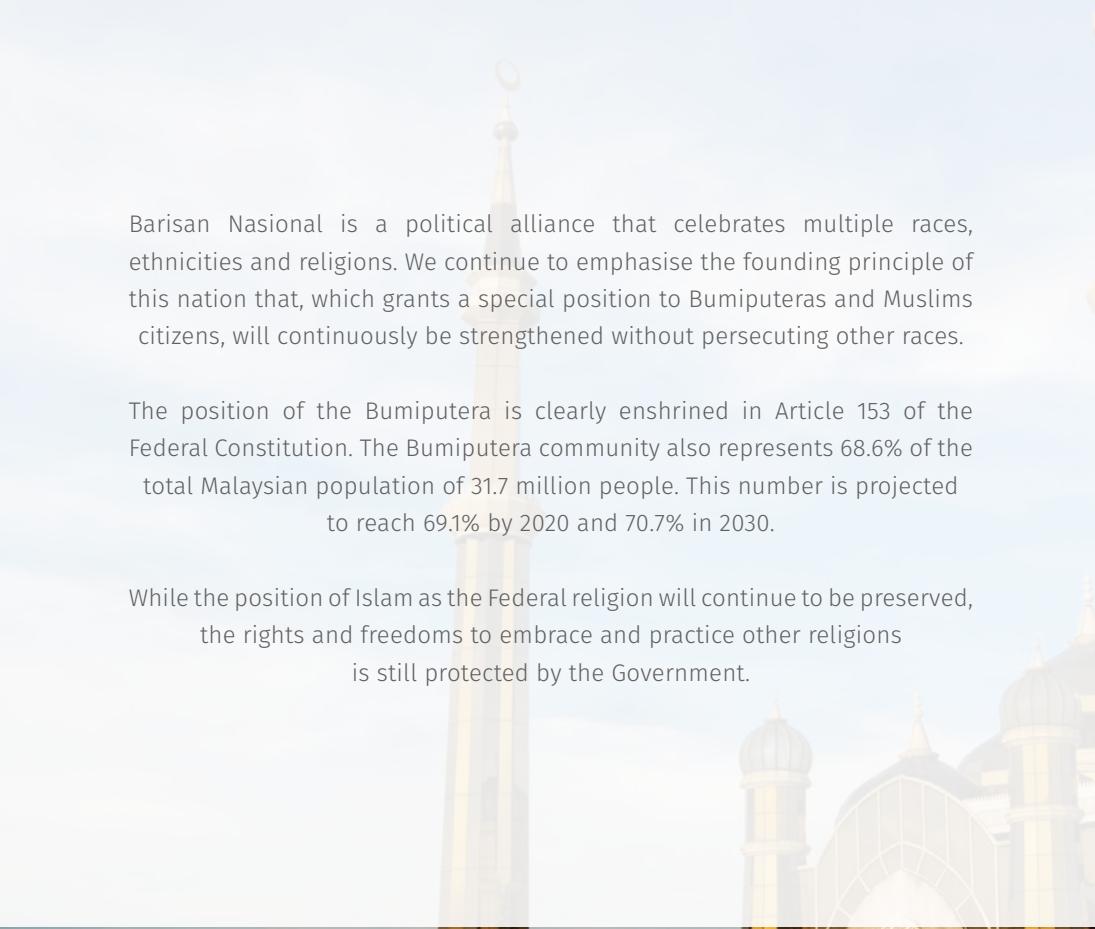

12

## **STRENGTHENING THE BUMIPUTERA AGENDA AND DEFENDING ISLAM**

---

Barisan Nasional is a political alliance that celebrates multiple races, ethnicities and religions. We continue to emphasise the founding principle of this nation that, which grants a special position to Bumiputeras and Muslims citizens, will continuously be strengthened without persecuting other races.

The position of the Bumiputera is clearly enshrined in Article 153 of the Federal Constitution. The Bumiputera community also represents 68.6% of the total Malaysian population of 31.7 million people. This number is projected to reach 69.1% by 2020 and 70.7% in 2030.

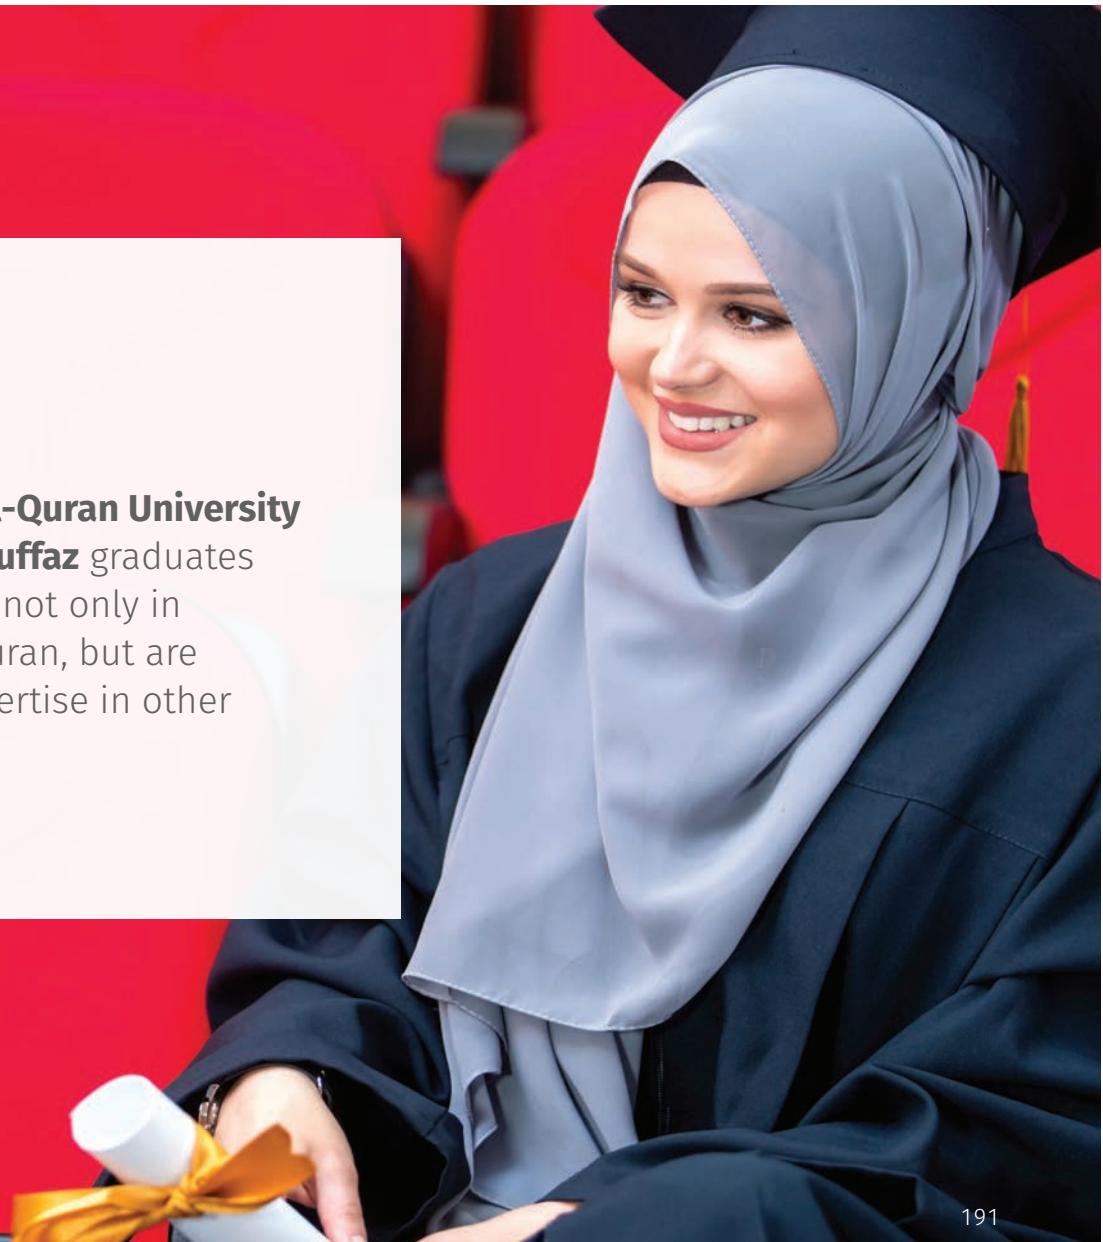

While the position of Islam as the Federal religion will continue to be preserved, the rights and freedoms to embrace and practice other religions is still protected by the Government.

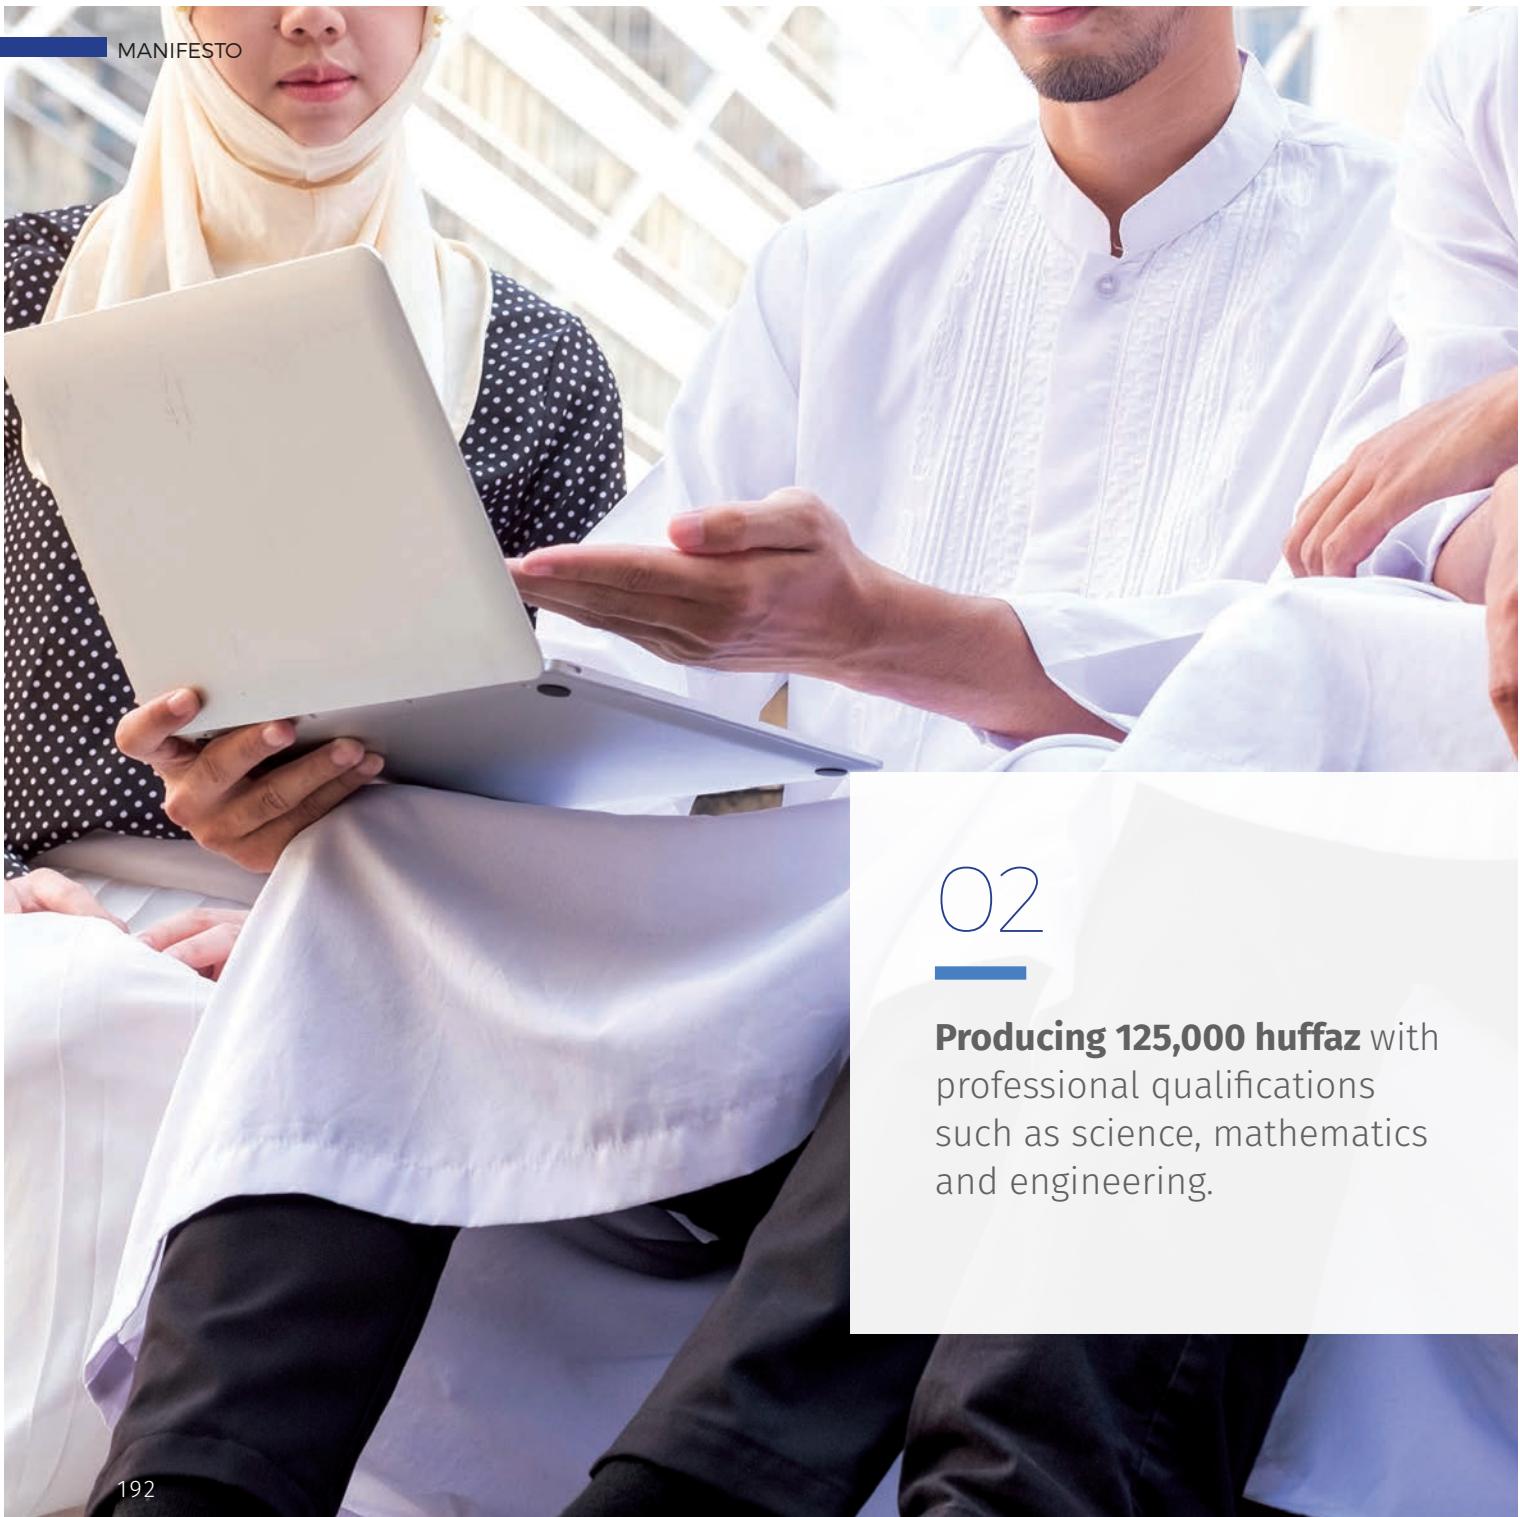

Therefore, within the next 5 years, we are committed to continuing this effort by:

01

### **Establishing the Al-Quran University**

to produce more **huffaz** graduates who possess skills not only in memorising the Quran, but are equipped with expertise in other professional fields.

## 02

**Producing 125,000 huffaz** with professional qualifications such as science, mathematics and engineering.

## 03

**Complementing** Tahfiz schools with  
Giat MARA skills training scheme.

04

**Continuing with Bumiputera Economic Transformation 2.0** agenda to ensure Bumiputeras play a significant role in the country's economic development.

05

**Ensuring** Malaysia becomes a leader in the global **halal industry** with Bumiputeras as the main industry driver.

07

**Establishing** a committee to empower the Shariah Court.

06

**Establishing** a Committee on the harmonisation of Shariah and Civil Courts.

08

**Introducing** a shariah-compliant Home Sale and Purchase Agreement by amending Schedule H and G of Act 118, the Housing Development (Control and Licensing) Act. This will improve the existing Islamic banking system.

## 09

**Restructuring** aid to the **Orang Asli** by constructing infrastructures that improve their quality of life, provide robust economic opportunities and diversify income sources.

# 10

**Increasing** the quality of haj and umrah management services as well as the wellbeing of pilgrims.

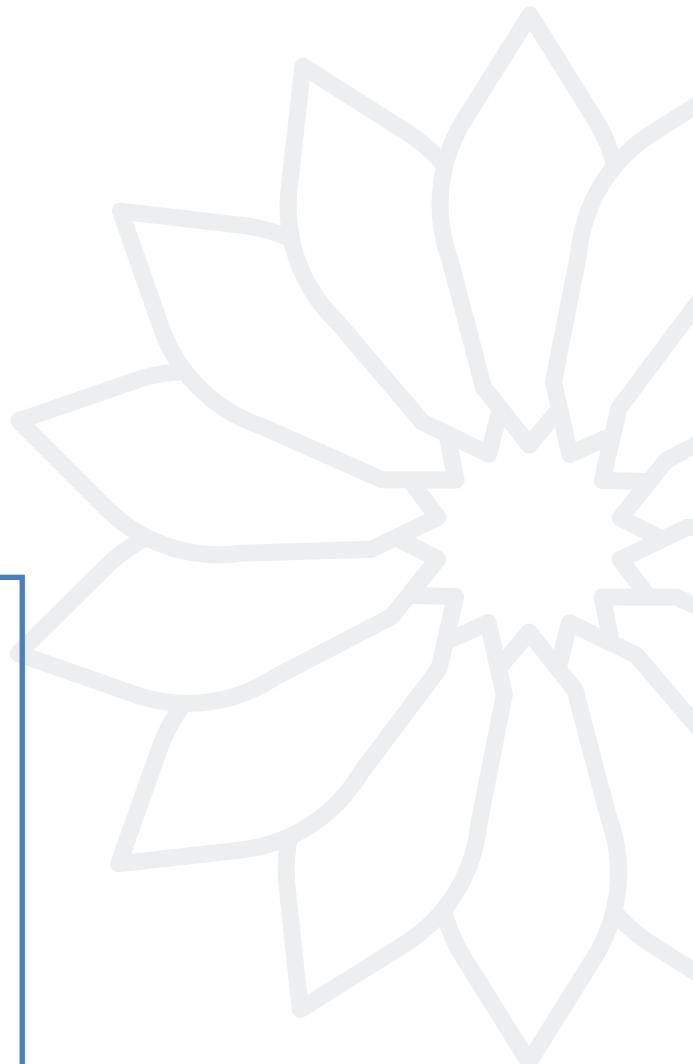

# 11

**Enhancing** the role of mosques as activity centres for the Muslim community through the **Mosque Transformation Programme**. The mosques' administration and management personnel will be given training, and al-Hafiz will receive an increase in allowance.

12

**Increasing** the number of suraus that are allowed to hold Friday prayers.

13

**Establishing** a special fund to upgrade the education and safety regulations of religious schools to meet national standards.

14

**Improving** the quality and expertise of stakeholders in Islamic administration such as the imam, KAFA and takmir teachers, religious teachers, shariah officers and Shariah Court Judges, at the Islamic Training Academy of Malaysia (ALIM) and Shariah Judiciary Academy of Malaysia.

15

**Providing** Arabic Language Intensive Training Courses to assist **Sijil Tinggi Agama Malaysia (STAM)** holders to pass the Imtihan Qabul examination, which is the main requirement for higher education qualification in Arab countries.

## 16

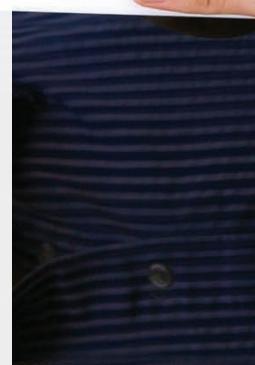

**Continuing** to support the independence of the Palestinian state and recognising Baitulmaqdis as its official capital.

13

## **GOOD GOVERNANCE AND CITIZEN PARTICIPATION**

---

Barisan Nasional believes that the participation of the people in assisting the Government to make decisions is essential, in accordance with the needs of civil society and the concept of Baldatun Toiyyibatun Wa Rabbu Ghafur.

Nearly a decade ago we stressed that the era of 'Government knows best' was over. Thus, we fulfilled this promise by providing more room for people's participation and abolishing various laws that are considered repressive.

In order to expand the democratic space, we have enforced the Peaceful Assembly Act; abolished three 1969 Emergency proclamations, the Internal Security Act 1960, the Banishment Act 1959 and the Restricted Residence Act 1933. We have also amended the Printing Presses and Publication Act 1984, Section 27 of the Police Act 1967 and the Universities and University Colleges Act.

The drafting of the Peaceful Assembly Act 2013 expresses our commitment to nurture the growth of democratic participation. However, this openness must be based on truth and accountability.

Therefore, within the next 5 years, we are committed to continuing this effort by:

## 01

**Strengthening** transparency by introducing the **Public Petition** mechanism for all major issues. Any online petition that receives more than **30,000** signatories will get feedback from the Government.

02

## 10

**Realising the transformation  
of Local Councils (PBT)**

by applying openness of  
information, communication and  
relationships with the public.

11

**Establishing a Parliamentary Select Committee**  
to refine and give feedback on issues  
of public interest.

14

**CELEBRATING  
DIVERSITY,  
BRIDGING THE  
GAP**

---

The country's diverse ethnicities, beliefs and cultures have made Malaysia a unique nation. Since Independence to this day, Barisan Nasional has always believed in cooperation and harmony between races, religions and states throughout the country.

From Sabah, Sarawak to the Peninsular, we believe fairness in social, economy and development aspects will strengthen our relationships.

In the same spirit, we have undertaken various initiatives to bridge the economic gap to create harmony among people of different races, religions and geographical locations.

Therefore, within the next 5 years, we are committed to continuing this effort by:

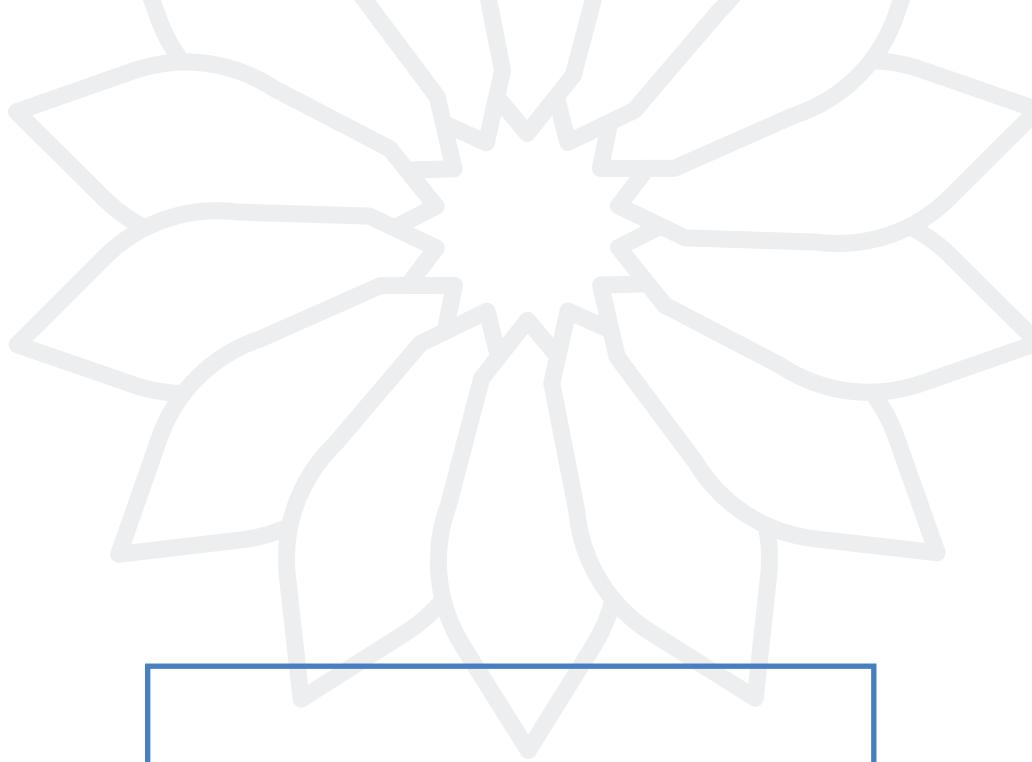

## 01

**Ensuring** the country's civil service reflects its ethnic diversity by striving to attract more **non-Bumiputera** communities to join the civil service.

02

**Increasing the intake of non-Bumiputera students  
into public universities.**

## 03

**Providing** a special fund for Sabah and Sarawak entrepreneurs under the ‘carve-out and compete’ initiative through the **National Development Fund**.

# 04

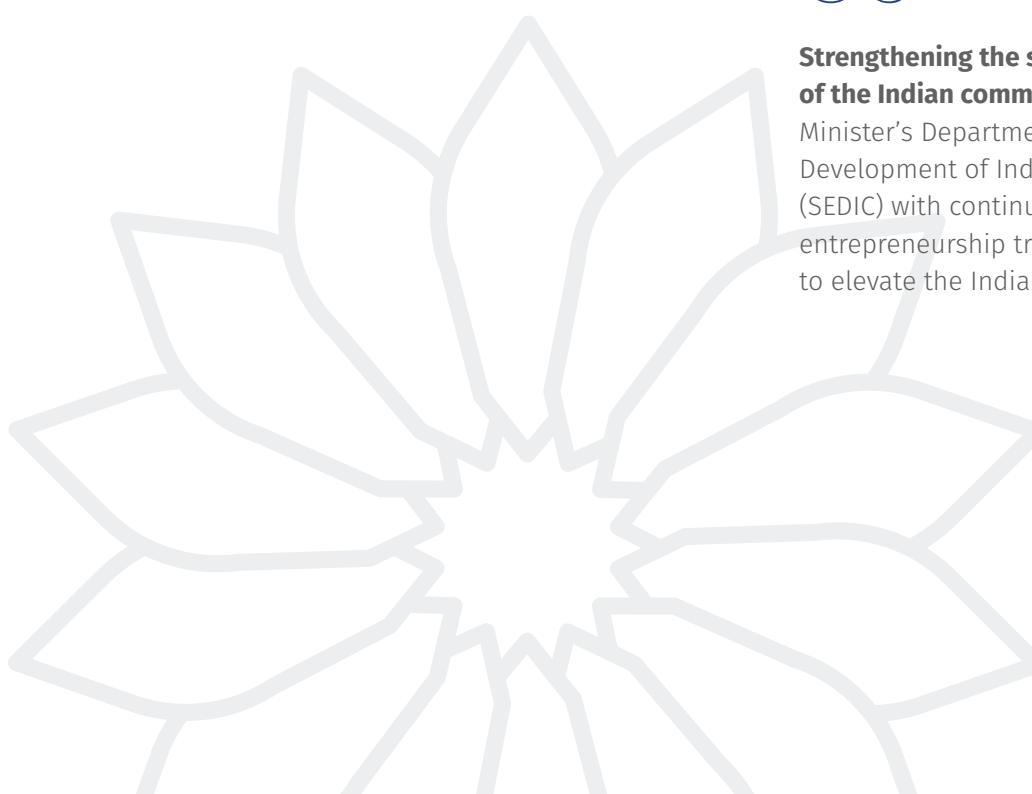

**Abolishing** different price labelling of goods in the Peninsular, Sabah and Sarawak and moving towards the '**One Nation, One Price**'.

# 05

**Enhancing Kampung Baru Cina** through the construction of more facilities and infrastructures to generate the village economy in order to stimulate a more comfortable and dynamic living condition for the population.

# 06

**Strengthening the socio-economic status of the Indian community** through the Prime Minister's Department (PMD) Socioeconomic Development of Indian Community Unit (SEDIC) with continuous funding, skills and entrepreneurship training, and education to elevate the Indian community.

07

**Making a special allocation** for the Iban Language Unit of the Sarawak State Education Department and Kadazandusun Language Unit of the Sabah State Education Department that will be used to finance the training of teachers and purchase of instructional aids for the purpose of teaching the Iban and Kadazandusun languages.

08

**Making** a special allocation for the Kadazandusun Chair in Universiti Malaysia Sabah (UMS) to stimulate research related to Kadazandusun language, culture and literature.

09

**Increasing** the number of officers that are related to Iban and Kadazandusun language services at The Ministry of Education, the Sarawak State Education Department and the Sabah State Education Department to ensure the effective implementation management of the Iban and Kadazandusun languages.

10

**Recognising the Dayak people**

by creating special programmes and assistance funds involving the surveying of Dayak customary land, Dayak entrepreneurs and the teaching of the Dayak language while at the same time supporting the Sarawak State Government in implementing programmes under the auspices of the Unit for Other Religions (UNIFOR).

11

**Empowering Sabah Bumiputeras**

by creating special programmes and assistance funds for the surveying of customary land, Sabah Bumiputera entrepreneurs and the teaching of Sabah Bumiputera ethnic languages.
